A scheduled ride must also be canceled at least 3 hours before your pick-up time, or it will be deducted from your annual ride balance.

Preventive Dental Plan

When you enroll in a Kaiser Permanente Medicare health plan, you automatically receive preventive dental coverage through Dominion National (Dominion). With the Preventive Dental Plan, you pay a \$30 copayment for each preventive care office visit. This includes:

- Oral exams, up to two per year
- Cleanings, up to two per year
- Bitewing x-rays, up to two per year

More extensive care (fillings, crowns, dentures, root canals, periodontal treatment, oral surgery, etc.) is provided at a lower cost than usual for these services. When covered, specialty care services are performed by plan specialists and a different fee will apply. To see a complete fee schedule, including exclusions and limitations, visit [DominionNational.com/kaiserdentists](https://www.dominionnational.com/kaiserdentists) or call Dominion Member Services at **1-855-733-7524** (TTY **711**), Monday through Friday, 7:30 a.m. to 6 p.m. When you become a member, you will find the fee schedule in your *Evidence of Coverage*.

Choosing a dentist

For a list of participating dentists—or information about a dentist such as office hours, directions, languages spoken, etc.—visit [DominionNational.com/kaiserdentists](https://www.dominionnational.com/kaiserdentists) or call Dominion Member Services at **1-855-733-7524** (TTY **711**), Monday through Friday, 7:30 a.m. to 6 p.m.

Specialty care is also available in many locations. To receive treatment from a participating specialist, ask your participating general dentist to arrange a referral. Your costs may be higher for care you receive from a network specialist. Services received from nonparticipating dentists are not covered.

After you choose a dentist, you can make an appointment by calling your chosen dental office. Bring your Kaiser Permanente ID card to your appointment. There is no separate dental ID card.
