Re: Monthly Financial Report

The superintendent explained that the revenue picture remained constant. He said that last year's surplus was still being audited by Touche Ross, and the county had already appropriated $400,000 for this. They were projecting a $1.2 million deficit as of June 30, 1983. He noted that this was only one-third of 1 percent of the overall total budget, but it had increased slightly from the previous month. By next month they would have to propose efforts to work on this deficit. He reported that the Title I federal funding carry-over had not been worked out; however, they did not propose to reduce services. He said that they had anticipated a reduction of $500,000 in funds for the handicapped and the Council had made up the loss. The government had provided the funds; therefore, they had $500,000 but could not use these funds unless they discussed this with the county and received Board approval. The Council had also put $200,000 in a fund for utility costs and $320,000 in a fund for special education. He pointed out that part of their deficit was in that category.

Mrs. Wallace inquired about the increase in use of fuel oil. The superintendent explained that the year before they had topped off the fuel tanks. They had not done so this year because fuel prices were coming down. Mrs. Wallace thought that a public explanation should be made about the increase in the fuel oil accounts.

In regard to Chapter I (Title I), Mr. Ewing understood there was no intention to reduce services. He wondered what they had to do to assure that they had the funds for the full program and inquired about the need to transfer funds into Category 2. The superintendent replied that this was the way they saw it unless they had a more favorable situation on substitute teacher salaries.
Dr. Cronin inquired about the possibility of shifting funds from Category 4, and the superintendent replied that this was a possibility but would require Board and Council approval. In response to Dr. Cronin's question on the surplus, the superintendent explained that any surplus reverted to the County's general fund. For this reason they tried to finish each year as close to the mark as possible.

Dr. Philip Rohr, director of the Division of Construction and Capital Projects, hoped that the cost of electricity would hold, but he did not know about the projected increases in the cost of natural gas. The superintendent explained about the problem of the trash dumping fee. He said that in recent years after the Council had approved the Board's budget they had turned around and raised the dumping fee.

Dr. Cronin inquired about what was not funded in special education because last year's audit showed $165,000 remaining in these accounts.

Mrs. Peyser moved approval of the following which was seconded by Dr. Greenblatt:

WHEREAS, A joint County Executive/County Council/Board of Education public hearing was held on the Capital Improvements Program on November 18, 1982; now therefore be it

Resolved, That the Board of Education approves a FY 1984 Capital Budget totaling $15,983,000 of which $8,997,000 is requested from the state and $6,986,000 from the county as shown on the summary; and be it further

Resolved, That the Board of Education approves the following priority list for state-eligible projects:

1. Gaithersburg Elementary School - Modernization Reimbursement
2. Woodlin Elementary School Addition Construction
3. Bradley Hills Elementary School Modernization Construction
4. Washington Grove Elementary School Modernization
Construction
5. Woodward High School Auditorium Construction
6. Portable Classroom Relocation

and be it further

Resolved, That the Board of Education approves the Five-year Capital Improvements Program (FY 1985-FY 1989).

Re: A Motion by Mrs. Wallace to Amend the FY 1984 CIP (FAILED)

A motion by Mrs. Wallace to amend the FY 1984 CIP by deleting $300,000 from portable classroom relocation failed with Mr. Barse and Mrs. Wallace voting in the affirmative; Mr. Claypoole, Mr. Ewing, Dr. Greenblatt, Mrs. Peyser, and Mrs. Zappone voting in the negative (Mr. Hirsch abstaining).

Resolution No. 812-82 Re: An Amendment to the FY 1984 CIP

On motion of Dr. Greenblatt seconded by Mrs. Peyser, the following resolution was adopted with Mr. Barse, Mr. Claypoole, Dr. Greenblatt, Mrs. Peyser, and Mrs. Zappone voting in the affirmative; Mr. Ewing voting in the negative; Mrs. Wallace being temporarily absent (Mr. Hirsch voting in the affirmative):

Resolved, That the FY 1984 CIP paper on future school projects indicate a level of effort to modernize two or three schools per year based on staff recommendations from FY 1988 on down.

Resolution No. 813-82 Re: An Amendment to the FY 1984 CIP

On motion of Mrs. Peyser seconded by Mr. Ewing, the following resolution was adopted with Mr. Barse, Mr. Claypoole, Mr. Ewing, Dr. Greenblatt, Mrs. Peyser, and Mrs. Wallace voting in the affirmative; Mrs. Zappone abstaining (Mr. Hirsch abstaining):

Resolved, That the FY 1984 CIP be amended to add $150,000 for lighting for three high school stadiums (one in each area).

For the record, the superintendent stated that he was opposed to this motion. He felt that they should not make this decision in the context of the capital budget because they had had some problems at night football games and the Board had not seen the data from that pilot study. He also called attention to the 1958 Board policy which states that football fields would not have lighting.

Resolution No. 814-82 Re: An Amendment to the FY 1984 CIP

On recommendation of the superintendent and on motion of Mrs. Peyser seconded by Mrs. Wallace, the following resolution was adopted unanimously:
Resolved, That the FY 1984 CIP be amended by the deletion of $724,000 for automated office equipment.

Resolution No. 815-82 Re: FY 1984 Capital Improvements Program (CIP)

On recommendation of the superintendent and on motion of Mrs. Peyser seconded by Dr. Greenblatt, the following resolution was adopted unanimously:

WHEREAS, In accordance with the laws of the State of Maryland and Montgomery County, the superintendent of schools has prepared a recommended FY 1984 Capital Improvements Program; and

WHEREAS, A joint County Executive/County Council/Board of Education public hearing was held on the Capital Improvements Program on November 18, 1982; now therefore be it

Resolved, That the Board of Education approves a FY 1984 Capital Budget totaling $15,391,000 of which $8,997,000 is requested from the state and $6,394,000 from the county as shown on the summary; and be it further

Resolved, That the Board of Education approves the following priority list for state-eligible projects:

1. Gaithersburg Elementary School - Modernization Reimbursement
2. Woodlin Elementary School Addition Construction
3. Bradley Hills Elementary School Modernization Construction
4. Washington Grove Elementary School Modernization Construction
5. Woodward High School Auditorium Construction
6. Portable Classroom Relocation

and be it further

Resolved, That the Board of Education approves the Five-year Capital Improvements Program (FY 1985-FY 1989).

For the record, Mr. Ewing stated that he would vote for the CIP, but he had some major reservations about it. He was not in favor of and did not support the Woodward High School auditorium. He did not think they should add an auditorium to the school when they had not completed their decisions on whether there should be a school closing in that area. He also had some concern about the placement of Item 6 on the list of priorities.

Re: Proposed Resolution on High School Courses

Dr. Greenblatt reintroduced the following with minor modifications from the January 25 version. Mr. Barse as the seconder agreed to the changes:

Resolved, That the superintendent evaluate and make recommendations to the Board regarding establishing the minimum enrollment in Category 3 courses; and be it further

Resolved, That the superintendent consider limiting the proportion of Category 3 courses offered and scheduled so that staffing (student/teacher ratios) can be improved in academic courses (Category 1); and be it further

Resolved, That the superintendent report to the Board for possible deletion from the curriculum those courses which have not been taught in the high schools in several years for possible deletion from the curriculum course offerings.

Resolution No. 818-82 Re: High School Courses

On motion of Dr. Greenblatt seconded by Mr. Barse, the following resolution was adopted unanimously (Mr. Hirsch abstaining):

Resolved, That the superintendent make recommendations to the Board that assure that the priority of Board allocation of resources maintains reasonable class sizes in Category 1 courses and reduces Category 1 Group A class sizes when fiscally possible; and be it further

Resolved, That the superintendent make recommendations to the Board establishing alternative minimum class sizes of 15, 20, and 25 for all nonacademic courses and evaluate these alternatives.

For the record, Mr. Ewing stated that he voted for the resolution "with severe reservations."
Re: Board Member Comments

1. Mrs. Wallace noted that they had received a paper on TDR's in the Potomac area, and she had some concerns about the paper. She said that the request was for new housing potential in the Potomac area, and she only saw the Lake Normandy and Seven Locks information. She asked that the Board be provided with TDR information on Planning Area 33. Mr. Claypoole indicated that he had the same comments, and he added that Planning Area 33 had the largest number of TDR's and should be considered. He hoped that the staff would look very carefully at this and other information about this area.

2. It was Mr. Ewing's understanding that there was an on-going study of the cost and resource commitment to countywide and final examinations. If this were true, he would appreciate the Board's receiving this information in January.

3. Mr. Ewing reported that he had heard about the possibility of persons other than outgoing and incoming Board members addressing the Board at the December 1 swearing-in ceremony, and he thought this should be resolved. Mrs. Zappone replied that the meeting was now scheduled for 7:30 p.m. instead of 8 p.m. at the request of some Board members, and it was not traditional to have people other than outgoing or newly elected Board members speak at this ceremony.

4. Dr. Greenblatt reviewed the calendar of events for the Maryland Association of Boards of Education. She said she would provide Board members with copies of the calendar, and she pointed out that January 24 was a briefing for new legislators which might be a good time for the Board to have dinner with the Montgomery County Delegation. She also pointed out that the dues for next year would be dropping. She also called attention to a concern about Project Basic as to whether students passing the test in the seventh grade needed to take the test in the ninth grade. She indicated that the MABE executive Board would be meeting with the executive Board of the superintendents' association on December 13.

5. Mrs. Praisner requested information on new housing forecasts in the Fairland area, similar to the memorandum provided about the Potomac area.

6. Mrs. Praisner requested any information the staff had about an evaluation of final examinations. Dr. Lois Martin, associate superintendent, explained that they did not have a formal report but had asked Dr. Frankel to look at some issues concerning final examinations.

7. Dr. Cronin asked that the information items on reading instruction and the teacher competency program be scheduled for discussion on a future Board agenda. Mrs. Zappone advised him to bring this up as an item of new business at his first business
8. Mrs. Wallace quoted from the New Yorker magazine:

"Learn the fine art of making Danish pastries -- those delicious pastries that taste so great! Students will participate in two consecutive two-hour sessions, during which they will be taken home to chill overnight. Adult education schedule for the Montgomery County, Md., public schools.

"So they'll know how a Danish pastry feels."

9. Mr. Claypoole stated that in regard to the closure of Northwood High School in 1984 it was his desire that the Board take a second look at that closure. He hoped that the new Board would take a long look at keeping Northwood open because of its central location and potential for solving racial imbalance in that area.

10. Mrs. Zappone commented that this was her last business meeting, and she would like to thank staff members who had helped her in every possible way. She extended her heartfelt thanks to all staff members who had assisted her in her four years on the Board of Education.

Resolution No. 819-82  Re:  Executive Session - December 14, 1982

On recommendation of the superintendent and on motion of Mrs. Peyser seconded by Mr. Hirsch, the following resolution was adopted with Mr. Claypoole, Mr. Ewing, Dr. Greenblatt, Mrs. Peyser, Mrs. Wallace, and Mrs. Zappone voting in the affirmative; Mr. Base abstaining (Mr. Hirsch voting in the affirmative):
