17. David Bernal and Howard Sumka, Piney Branch Elementary
18. Corinne Gleason, Takoma Park Elementary
19. Tony Hausner and Jean Narayanan, Eastern/Takoma Local School Planning Groups

Re:  Board Dialogue

Mrs. Peyser requested a report from the superintendent on the costs of converting from intermediate to middle schools as to what will be the costs of educating youngsters at the secondary level rather
than the elementary. She asked if the superintendent planned to add positions of coordinators to implement his recommendations and, if so, what the costs would be. She inquired about any physical changes and their costs. She requested information on the educational advantage of the interdisciplinary team over the departmental organization. Dr. Cronin inquired about the Eastern immersion program and the statement in testimony that the program may be in jeopardy. Mrs. Shannon asked for responses from the staff on questions raised in the testimony about magnet schools, the immersion program, the orthopedic program, and the utilization question. She asked about the number of schools that would be seriously underutilized if they went to the middle school and what staff saw as the future of these schools.

Mrs. Praisner asked for a brief response on the articulation of elementary school magnet programs, the plans for the orthopedically handicapped and any facility modifications, utilization figures, and Piney Branch as a two-grade school or as a three-grade school and what would happen at the other levels. She asked about the number of students in Oak View who were transfers in and did or did not go on to Eastern. She requested that a copy of what the Board did regarding B-CC assurances be provided to the Board and community. Dr. Shoenberg stated that they were asking for staff's best guess of what would happen if they converted to middle schools. He recalled asking for information on what they were going to do regarding overutilization in the Blair area, and it was important to have that information under 7-8 or 6-7-8 before a decision was made. Mr. Ewing requested information on what would be done to the educational programs and what would happen to utilization if the Board were to create 7-8 schools at both Eastern and Takoma Park.

Re: Adjournment

The president adjourned the meeting at 10 p.m.
