Re:  POLICY ON QUALITY INTEGRATED EDUCATION

Mrs. Brenneman moved and Mrs. Fanconi seconded the following resolution:

WHEREAS, On December 10, 1991, the Board of Education in a discussion of the transfer process, agreed to look at how we define racial and ethnic groups as part of an overall review of the Quality Integrated Education (QIE) policy; and

WHEREAS, On January 14, 1992, the Board of Education had a follow-up discussion about Magnet Programs and Quality Integrated Education, and the superintendent agreed to submit recommendations for change to the QIE policy to reflect our increasing racial and ethnic diversity; and

WHEREAS, On May 12, 1992, the Board of Education discussed the policy analysis of the QIE policy as well as an analysis of the Long Range Educational Facilities Planning (LREFP) policy because of the impact of the QIE policy on the LREFP policy; and

WHEREAS, On July 7, 1992, the Board of Education held a worksession on the issues presented in the two analyses of the two policies; and

WHEREAS, On September 9, 1992, the Board of Education adopted a
timeline for discussion/action on the QIE policy and LREFP policy; and

WHEREAS, On December 14, 1992, the Board of Education held a tentative discussion on a proposed draft policy; and

WHEREAS, On February 1, 1993, the Board of Education took tentative action on a portion of the policy and agreed to schedule a second meeting to continue the discussion; now therefore be it

Resolved, That the Board of Education complete tentative action on the proposed draft policy on Quality Integrated Education; and be it further

Resolved, That the following tentatively adopted draft policy be sent out for public comment and be discussed at a public hearing on April 20, 1993, with final adoption scheduled for April 26, 1993:

Quality Integrated Education

A. PURPOSE

1. The Board of Education's primary responsibility is to provide the opportunity for each student to obtain a high quality education and to encourage each student to work toward that objective to the maximum of his or her abilities.

2. Another important goal of the Board is to ensure that all students and staff have experiences and develop greater skills and increased sensitivity in working with others of diverse backgrounds so that they may function well as members of our pluralistic democratic society. The Board will continue to adhere to its commitment to racial and ethnic diversity in staffing in all schools.

3. This policy statement sets forth a design for achieving the combination of these two related goals -- quality education and integrated education -- while operating the schools as economically as
possible.

4. The Board of Education is committed to the proposition that education is most effective in a diverse, integrated setting, and that therefore a major purpose of this policy is to provide a framework for actions designed to promote diversity and to ensure that the isolation of racial, ethnic, and socioeconomic groups is avoided, so that the full benefits of integration are achieved.

B. ISSUE

The student population in the Montgomery County Public Schools has become increasingly diverse, as the proportion of non-white students has increased. Further, the numbers of students who require specialized assistance because they lack English or adequate educational preparation have increased dramatically. The school system must respond to the needs of these children, and must do so in a setting which does not isolate them, stereotype them, or fail to educate them effectively. This education of these students is a great challenge, one to which the school system must respond with creativity, with determination and with carefully crafted educational strategies that will meet every student's need for success. The integrated settings in which this must occur must not be left to chance, but must be created and supported by MCPS.

Quality educational opportunities for children cannot be dependent on either racial or ethnic backgrounds or on family, or on socioeconomic status. Intensive support is necessary, however, for students whose opportunities have been limited by background or experience. Providing a quality education where there is evidence of educational disadvantage requires additional effort on the part of the school system.

Among the many factors influencing students' academic achievement, some are more directly under the control of the school system and others are more directly related to family and community conditions. The latter may include parental support for education and learning, economic resources, individual talents, community demographic conditions affecting mobility, employment opportunities, or cultural resources. The factors more directly under control of the schools include varieties of teaching strategies, application of appropriate classroom technologies, staff training, staff preparation, professional renewal, classroom support personnel, and other administrative and material resources.
Integrated schooling has inherent educational value from the standpoint of education's role in a democratic society. The survival and vigor of democracy depends upon an educated citizenry with shared concerns about the welfare of society, its members, and the democratic principles that govern it. Diversity brings different viewpoints and experiences to classroom discussions and thereby enhances the educational process. It also fosters racial and cultural understanding which is particularly important in a racially and culturally diverse society such as ours. In addition, research shows that integrated education expands postsecondary opportunities for diverse populations.

This school system is fortunate to have the pluralism brought by the African American, American Indian, Asian American, Hispanic, and White communities in our county and by the multi-ethnic groups within each. Some factors contributing to this diversity in the schools are under the control of the administration and other, more powerful, factors are due to community demographic conditions. The school system's diversity reflects the increasing pluralism of the U.S. society and emphasizes the broader need for international awareness and cooperation. Diversity is thus a valuable resource for teaching students to become citizens in a multi-racial/multi-ethnic world.

Therefore, a policy that supports quality education for integration of all students will have a positive effect on our students who will live and work together in a culturally diverse society.

C. POSITION

1. Supporting Academic Achievement

   a) Staff will formulate methods for identifying schools most in need of support to improve academic achievement, and for allocating supplementary resources to support quality education. These methods will be based on various factors that correlate with achievement. These methods will be monitored and reviewed regularly to ensure that the various factors used are accurate and related to school academic performance levels.

   b) Once a school is identified as having a substantial number of students with educational needs, additional resources should be allocated
to assist those schools in delivering educational services that reinforce the academic opportunities for students there.

2. Identifying and Supporting Diversity

a) The Board of Education is committed to taking reasonable measures to enhance the diversity of the student enrollment within each school. Such measures include, but are not limited to:

(1) Monitoring and regulating interschool transfer requests from parents

(2) Planning for balanced school populations when facility space needs require change in service areas, including consideration of socioeconomic diversity

(3) Considering acquisition of school sites that have potential to maintain or improve diversity, including socioeconomic diversity

(4) Pairing schools

(5) Implementing magnet and special programs

b) The Board of Education will direct the superintendent to take measures to implement program strategies for increasing the opportunities for students to develop multicultural understanding and appreciation through the interaction with others of different races and ethnic groups. Such program alternatives can include, but are not limited to:

(1) Curricular or extracurricular offerings

(2) Joint school activities

(3) Other activities designed to help students function in a multi-racial/multi-ethnic society.

c) The Board of Education will direct the superintendent to implement one or more of such remedies in schools whose profiles warrant a need for increased diversity or for preserving diversity in the student body.
D. DESIRED OUTCOME

The Board of Education is committed to providing quality educational opportunities for all students regardless of background characteristics by providing an educational environment that enhances their educational success.

E. IMPLEMENTATION STRATEGIES

1. Staff will examine annually the various factors that correlate with achievement levels that represent a school's "educational load," and may include but are not limited to the percentage of enrollment representing each of the following features:
   
a) Free and Reduced Meals (FARMS)
   
b) Students older than grade age
   
c) Internal mobility
   
d) External mobility
   
e) Other factors which may affect learning

2. Staff will assess annually the "diversity profile" of each school, which should take into account the following factors:
   
a) The extent to which the school differs from the school system's overall composition with respect to each of the four major racial/ethnic groups
   
b) The rate of change in those four racial/ethnic compositions within the school over the past several years, using four years as the initial factor.
   
c) Other factors which may affect learning

3. Staff will prioritize the school's need for administrative attention based on these factors.

4. The Board will advise the Montgomery County Planning Board, County Council, and county executive of any governmental policies or practices which have or could have a beneficial or adverse impact on maintaining quality integrated education in the schools. The public schools alone cannot assure quality integrated education for all students. Other
agencies, both public and private, must assume leadership to bring about greater opportunities for all persons to become part of our community fabric.

5. The Board commits itself to seek concerted action by all county agencies and groups to help achieve the goals of this policy. It calls upon all citizens to join it in urging other agencies to work toward achieving quality integrated education in all public schools.

F. REVIEW AND REPORTING

1. The superintendent will present the Board of Education with an annual report that defines each school's educational load and diversity profile.

2. This policy will be reviewed every three years in accordance with the Board of Education's policy review process.

RESOLUTION NO. 227-93  Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mrs. Gordon seconded by Mrs. Fanconi, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education be amended to substitute the following for C. POSITION:

C. POSITION

1. Supporting Academic Achievement

   a) The method for identification of schools most in need of support to improve academic achievement and for allocating supplementary resources to support quality education involves the following steps:

      (1) Educational load
          a) Free and Reduced Meals (FARMS)
          b) Students older than grade age
          c) Internal mobility
          d) External mobility
          e) Other factors which may affect learning

      (2) Academic achievement levels
Staff will utilize the following indicators of academic achievement levels and may use others as it examines the levels of academic achievement in schools throughout the county (and list them).

(3) Analysis of schools

Staff will analyze school needs based on the educational load and achievement levels among other appropriate factors.

b) Strengthening Schools

Based on the analysis described above, the need for action will be identified and recommended to the Board, and appropriate resources should be allocated to assist those schools in delivering educational services that reinforce the academic opportunities for students there.

RESOLUTION NO. 228-93  Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mrs. Gordon seconded by Mr. Ewing, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education be amended in C. l. a. (2) to state:

(2) Academic Achievement Levels

Staff will utilize the following indicators of academic achievement levels and may use others as it examines the levels of academic achievement in schools throughout the county:

Montgomery County Public Schools Criterion Referenced Tests, MSPAP results, and the percentage of student who qualify for Algebra I in ninth grade.

RESOLUTION NO. 229-93  Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Ms. Gutierrez seconded by Mrs. Gordon, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education be amended in C. l. a (1) to add "students with
limited English proficiency" to read as follows:

(1) Educational load
   a) Free and Reduced Meals (FARMS)
   b) Students older than grade age
   c) Internal mobility
   d) External mobility
   e) Students with limited English proficiency
   f) Other factors which may affect learning

RESOLUTION NO. 230-93 Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mrs. Fanconi seconded by Mrs. Gordon, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education be amended in C to read as follows:

2. Staff will assess annually the "diversity profile" of each school, which should take into account the following factors:

   a) The extent to which the school differs from the school system's overall composition with respect to each of the four major racial/ethnic groups

   b) The rate of change in those four racial/ethnic compositions within the school over the past several years, using four years as the initial factor

3. Based on the diversity profile and such other factors as are appropriate, the staff will prioritize the school's need for administrative attention based on these factors.

RESOLUTION NO. 231-93 Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Mrs. Gordon, the following resolution was adopted with Mr. Abrams, Dr. Cheung, Mr. Ewing, Mrs. Fanconi, Mrs. Gordon, and Ms. Gutierrez voting in the affirmative; Mrs. Brenneman being temporarily absent:

Resolved, That the proposed policy on quality integrated
education be amended in C to read as follows:

2. Identifying and Supporting Diversity

a) The Board of Education is committed to taking reasonable measures to enhance the diversity of the student enrollments within each school. Such measures include, but are not limited to:

(2) Planning for balanced school populations when facility space needs require change in service areas, including consideration of socioeconomic diversity

(3) Considering acquisition of school sites that have potential to maintain or improve diversity, including socioeconomic diversity

(4) Pairing, clustering, and creating consortia of schools

(5) Implementing magnet and special programs

Re: A MOTION BY MR. EWING TO AMEND THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

Mr. Ewing moved and Mrs. Fanconi seconded the following:

Resolved, That in C. 2. b. (1) "multi-cultural curricular offerings" be substituted for "curricular or extracurricular offerings."

RESOLUTION NO. 232-93 Re: TABLING MR. EWING'S MOTION TO AMEND THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Ms. Gutierrez, the following resolution was adopted with Mrs. Brenneman, Dr. Cheung, Mr. Ewing, Mrs. Fanconi, and Ms. Gutierrez voting in the affirmative; Mr. Abrams and Mrs. Gordon following in the negative:

Resolved, That Mr. Ewing's proposed resolution on "multi-cultural curricular offerings" be tabled.
It was the consensus of the Board that the following would stay in the document after the language in Resolution No. 231-93:

b) The Board of Education will direct the superintendent to take measures to implement program strategies for increasing the opportunities for students to develop multicultural understanding and appreciation through the interaction with others of different races and ethnic groups. Such program alternatives can include, but are not limited to:

(1) Curricular or extracurricular offerings

RESOLUTION NO. 233-94

Re: AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Ms. Gutierrez, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education read as follows in D. DESIRED OUTCOME

D. DESIRED OUTCOME

The Board of Education is committed to providing quality educational opportunities for all students regardless of background characteristics by providing an educational environment that enhances their educational success. The Board of Education is also committed to the provision of integrated settings for education that promote understanding of diversity, tolerance, and fair play, so that the tenets of a democratic society are reinforced by
what students experience in school. Further, the Board of the Education expects that the result of this policy will be that resources are allocated to meet the challenges of educating a diverse population with steadily greater success.

Re: A MOTION BY MR. EWING TO AMEND THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

Mr. Ewing moved and Mrs. Fanconi seconded the following:

Resolved, That the proposed policy on quality integrated Education would state under E. Implementation Strategies that on the basis of the superintendent's recommendations the Board will take such actions as appropriate as indicated in the prior sections on Position.

RESOLUTION NO. 234-93 Re: A SUBSTITUTE MOTION BY MR. EWING TO AMEND THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Mrs. Fanconi, the following resolution was adopted unanimously by members present:

Resolved, That the first three sections of E. IMPLEMENTATION STRATEGIES would read as follows:

E. IMPLEMENTATION STRATEGIES

1. The superintendent will recommend to the Board of Education, as appropriate, actions that implement this policy and his recommendations will be based on these three factors below:

a) Staff will examine annually the various factors that correlate with achievement levels that represent a school's educational load.

b) Staff will assess annually the diversity profile of each school.

c) Based on the diversity profile and other factors that are appropriate, staff will prioritize the school's need for administrative attention.
RESOLUTION NO. 235-93  Re:  AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Mr. Abrams, the following resolution was adopted unanimously:

Resolved, That the proposed policy on quality integrated education be amended under E. Implementation Strategies 4 and 5 (now 2 and 3) to add "other appropriate state, county, and municipal agencies" to read as follows:

2. The Board will advise the Montgomery County Planning Board, County Council, county executive, and other appropriate state, county, and municipal agencies of any governmental policies or practices which have or could have a beneficial or adverse impact on maintaining quality integrated education in the schools. The public schools alone cannot assure quality integrated education for all students. Other agencies, both public and private, must assume leadership to bring about greater opportunities for all persons to become part of our community fabric.

3. The Board commits itself to seek concerted action by all state, county, and municipal agencies and groups to help achieve the goals of this policy. It calls upon all citizens to join it in urging other agencies to work toward achieving quality integrated education in all public schools.

RESOLUTION NO. 236-93  Re:  AN AMENDMENT TO THE PROPOSED POLICY ON QUALITY INTEGRATED EDUCATION

On motion of Mr. Ewing seconded by Mrs. Gordon, the following resolution was adopted unanimously by members present:

Resolved, That the proposed policy on quality integrated education be amended to substitute the following for F. REVIEW AND REPORTING 1 to read: "1. The superintendent will present the Board of Education with an annual report that defines each school's educational load and diversity profile, reports progress toward achieving the desired outcomes of this policy, and contains appropriate recommendations for further actions designed to achieve those outcomes" to read as follows:

F. REVIEW AND REPORTING

1. The superintendent will present the Board of Education with an annual report that defines each
school's educational load and diversity profile, reports progress toward achieving the desired outcomes of this policy, and contains appropriate recommendations for further actions designed to achieve those outcomes.

2. This policy will be reviewed every three years in accordance with the Board of Education's policy review process.

Quality Integrated Education

A. PURPOSE

1. The Board of Education's primary responsibility is to provide the opportunity for each student to obtain a high quality education and to encourage each student to work toward that objective to the maximum of his or her abilities.
2. Another important goal of the Board is to ensure that all students and staff have experiences and develop greater skills and increased sensitivity in working with others of diverse backgrounds so that they may function well as members of our pluralistic democratic society. The Board will continue to adhere to its commitment to racial and ethnic diversity in staffing in all schools.

3. This policy statement sets forth a design for achieving the combination of these two related goals -- quality education and integrated education -- while operating the schools as economically as possible.

4. The Board of Education is committed to the proposition that education is most effective in a diverse, integrated setting, and that therefore a major purpose of this policy is to provide a framework for actions designed to promote diversity so that the isolation of racial, ethnic, and socioeconomic groups is avoided and the full benefits of integration are achieved.

B. ISSUE

The student population in the Montgomery County Public Schools has become increasingly diverse, as the proportion of non-white students has increased. Further, the numbers of students who require specialized assistance because they lack English or adequate educational preparation have increased dramatically. The school system must respond to the needs of these children, and must do so in a setting which does not isolate them, stereotype them, or fail to educate them effectively. This education of these students is a great challenge, one to which the school system must respond with creativity, with determination and with carefully crafted educational strategies that will meet every student's need for success. The integrated settings in which this must occur must not be left to chance, but must be created and supported by MCPS.

Quality educational opportunities for children cannot be dependent on either racial or ethnic backgrounds or on family, or on socioeconomic status. Intensive support is necessary, however, for students whose opportunities have been limited by background or experience. Providing a quality education where there is evidence of educational disadvantage requires additional effort on the part of the school system.
Among the many factors influencing students' academic achievement, some are more directly under the control of the school system and others are more directly related to family and community conditions. The latter may include parental support for education and learning, economic resources, individual talents, community demographic conditions affecting mobility, employment opportunities, or cultural resources. The factors more directly under control of the schools include varieties of teaching strategies, application of appropriate classroom technologies, staff training, staff preparation, professional renewal, classroom support personnel, and other administrative and material resources.

Integrated schooling has inherent educational value from the standpoint of education's role in a democratic society. The survival and vigor of democracy depends upon an educated citizenry with shared concerns about the welfare of society, its members, and the democratic principles that govern it. Diversity brings different viewpoints and experiences to classroom discussions and thereby enhances the educational process. It also fosters racial and cultural understanding which is particularly important in a racially and culturally diverse society such as ours. In addition, research shows that integrated education expands postsecondary opportunities for diverse populations.

This school system is fortunate to have the pluralism brought by the African American, American Indian, Asian American, Hispanic, and White communities in our county and by the multi-ethnic groups within each. Some factors contributing to this diversity in the schools are under the control of the administration and other, more powerful, factors are due to community demographic conditions. The school system's diversity reflects the increasing pluralism of the U.S. society and emphasizes the broader need for international awareness and cooperation. Diversity is thus a valuable resource for teaching students to become citizens in a multi-racial/multi-ethnic world.

Therefore, a policy that supports quality education for integration of all students will have a positive effect on our students who will live and work together in a culturally diverse society.

C. POSITION

1. Supporting Academic Achievement

   a) Identifying Schools
The method for identification of schools most in need of support to improve academic achievement and for allocating supplementary resources to support quality education involves the following factors:

(1) Educational load
   a) Free and Reduced Meals (FARMS)
   b) Students older than grade age
   c) Internal mobility
   d) External mobility
   e) Students with limited English proficiency
   f) Other factors which may affect learning

(2) Academic Achievement Levels

Staff will utilize the following indicators of academic achievement levels and may use others as it examines the levels of academic achievement in schools throughout the county:

Montgomery County Public Schools Criterion Referenced Tests, MSPAP results, and the percentage of student who qualify for Algebra I in ninth grade.

(3) Analysis of schools

Staff will analyze school needs based on educational load and achievement levels, among other appropriate factors.

b) Strengthening Schools

Based on the analysis described above, the need for action will be identified and recommended to the Board, and appropriate resources should be allocated to assist those schools in delivering educational services that reinforce the academic opportunities for students there.

2. Supporting Diversity

a) Identifying Schools

Staff will assess annually the "diversity profile" of each school, which should take into account the following factors:
(1) Composition

The extent to which the school differs from the school system's overall composition with respect to each of the four major racial/ethnic groups.

(2) Rate of Change

The rate of change in those four racial/ethnic compositions within the school over the past several years, using four years as the initial factor.

(3) Analysis of Schools

Based on the diversity profile and such other factors as are appropriate, the staff will prioritize the school's need for administrative attention based on these factors.

b) Strengthening Schools

(1) The Board of Education is committed to taking reasonable measures to enhance the diversity of the student enrollments within each school. Such measures include, but are not limited to:

(a) Monitoring and regulating interschool transfer requests from parents

(b) Planning for balanced school populations when facility space needs require change in service areas, including consideration of socioeconomic diversity

(c) Considering acquisition of school sites that have potential to maintain or improve diversity, including socioeconomic diversity

(d) Pairing, clustering, and creating consortia of schools

(e) Implementing magnet and special programs
(2) The Board of Education will direct the superintendent to take measures to implement program strategies for increasing the opportunities for students to develop multicultural understanding and appreciation through the interaction with others of different races and ethnic groups. Such program alternatives can include, but are not limited to:

(a) Curricular or extracurricular offerings

(b) Joint school activities

(c) Other activities designed to help students function in a multi-racial/multi-ethnic society.

(3) The Board of Education will direct the superintendent to implement one or more of such remedies in schools whose profiles warrant a need for increased diversity or for preserving diversity in the student body.

D. DESIRED OUTCOME

The Board of Education is committed to providing quality educational opportunities for all students regardless of background characteristics by providing an educational environment that enhances their educational success. The Board of Education is also committed to the provision of integrated settings for education that promote understanding of diversity, tolerance, and fair play, so that the tenets of a democratic society are reinforced by what students experience in school. Further, the Board of Education expects that the result of this policy will be that resources are allocated to meet the challenges of educating a diverse population with steadily greater success.

E. IMPLEMENTATION STRATEGIES

1. The superintendent will recommend to the Board of Education, as appropriate, actions that implement this policy and his recommendations will be based on these three factors below:

   a) Staff will examine annually the various factors that correlate with achievement levels that
represent a school's educational load.

b) Staff will assess annually the diversity profile of each school.

c) Based on the diversity profile and other factors that are appropriate, staff will prioritize the school's need for administrative attention.

2. The Board will advise the Montgomery County Planning Board, County Council, county executive, and other appropriate state, county, and municipal agencies of any governmental policies or practices which have or could have a beneficial or adverse impact on maintaining quality integrated education in the schools. The public schools alone cannot assure quality integrated education for all students. Other agencies, both public and private, must assume leadership to bring about greater opportunities for all persons to become part of our community fabric.

3. The Board commits itself to seek concerted action by all state, county, and municipal agencies and groups to help achieve the goals of this policy. It calls upon all citizens to join it in urging other agencies to work toward achieving quality integrated education in all public schools.

F. REVIEW AND REPORTING

1. The superintendent will present the Board of Education with an annual report that defines each school's educational load and diversity profile, reports progress toward achieving the desired outcomes of this policy, and contains appropriate recommendations for further actions designed to achieve those outcomes.

2. This policy will be reviewed every three years in accordance with the Board of Education's policy review process.
