Resolved, That the FY 1996 Operating Budget be amended by the following additions to support staff development

<tbody>
<tr>
<td>K-12</td>
<td>$230,000</td>

</tr>
<tr>

</tr>
<tr>

<td>$500,000</td>
</tr>

</table>

Mr. Ewing wanted more specificity on where the $230,000 would be spent, given that there was a fair amount in the budget for global access training. Mrs. Gordon asked how the additional $100,000 for A&S training would be used. She also asked for information on how the training funds would be used for supporting services personnel.

be. Ms. Gutierrez requested a sheet on the savings they were projecting in
transportation. She asked about the impact of eliminating contractual services for
maintenance and repairs in transportation. She also asked about the rationale for their

Re: TECHNOLOGY PLANNING AND DATA OPERATIONS

Mr. Ewing asked whether a budget amendment was needed for a specific plan for an executive information system and whether it would be valuable to support further development in this area now. He also asked whether this could be pursued with existing resources and whether or not there was a specific plan to do this.
