Re: DISCUSSION

Mr. Abrams asked the superintendent to review the record on the approval of monopoles on school property.

Ms. Cox asked the Board Office to review public comments to provide a balance for public access.
Re: BOARD/SUPERINTENDENT COMMENTS

Dr. Weast congratulated Winston Churchill High School as one of six Maryland Blue Ribbon schools. Every year MCPS has received the award based on academic success.

Mr. Barclay thanked the Board and community for his seat on the Board of Education. He was looking forward to working with the Board to create policies that will benefit children.

Ms. Cox welcomed Mr. Barclay, and she looked forward to working with her colleagues on important educational issues. She attended the opening of the Rock Terrace Bistro Café, and she was impressed with the wonderful menu and service of the students. She suggested that the Board look to the café for catering some luncheons.

Ms. Horvitz was pleased with the meeting between the Board and student leaders. It was exciting to see how many students attended the meeting and asked questions. She was meeting monthly with her student advisory committee, and they were working on various issues.

Mrs. O’Neill commented that she attended the Maryland Board of Education (MABE) legislative committee meeting, and she learned that the construction formulas will be revisited. MABE will have an online advocacy for Board member with positions that they can sign and submit. Also, she congratulated all of the athletes who won state finals.

Mr. Abrams wanted information on how graduation venues are selected by the school system.

Ms. Brandman thanked her colleagues for electing her vice president. She thanked the staff for helping the newcomers navigate the system.

Mrs. Navarro thanked both Dr. Haughey and Ms. Cox for their service as president and vice president last year. She welcomed Mr. Barclay, Dr. Docca, and Ms. Brandman. The meetings with the students and delegate were important and informative.

Re: SCHOOL CALENDAR FOR 2007-2008

On recommendation of the superintendent and on motion of Ms. Cox seconded by Mrs. O’Neill, the following resolution was adopted unanimously:

WHEREAS, The establishment of school terms by the Board of Education is required by state law; and

WHEREAS, The Montgomery County Public Schools parents, community members, and staff should be informed of the Board-adopted school calendar each year and the subsequent contingency plan identifying days that will be used to make up lost instructional
Resolved. That the proposed calendar and contingency plan for the Montgomery County Public Schools for the 2007–2008 school year be adopted.

Re: DISCUSSION

Ms. Brandman suggested that in the future the calendar could be released sooner so that the Board and community could have more time to review it. Mr. Barclay thought that it would be helpful to include the early release and testing dates in the school calendar. Mrs. O’Neill believed that the first day of school for the following year should be included in the calendar.

RESOLUTION NO. 536-06 Re: SCHOOL CALENDAR FOR 2007-2008

On recommendation of the superintendent and on motion of Ms. Cox seconded by Mrs. O’Neill, the following resolution was adopted unanimously:

WHEREAS, The establishment of school terms by the Board of Education is required by state law; and

WHEREAS, The Montgomery County Public Schools parents, community members, and staff should be informed of the Board-adopted school calendar each year and the subsequent contingency plan identifying days that will be used to make up lost instructional time due to emergency closings; now therefore be it

Resolved. That the proposed calendar and contingency plan for the Montgomery County Public Schools for the 2007–2008 school year be adopted.

Re: NEW LOCAL LEGISLATION

Mrs. O’Neill stated that there was new legislation proposed for the Montgomery County Board of Education that would prohibit the student member from voting on certain personnel matters. Every county in the state has a different law relating to the voting rights of the student Board member. Currently in Montgomery County, the student Board member is excluded from voting on monetary items, school closings and boundaries, and negative personnel matters.

Re: VOTE OF STUDENT BOARD MEMBER

On motion of Mrs. O’Neill and seconded by Mr. Abrams, the following motion was placed on the table:
Resolved, That the Montgomery County Board of Education support the local legislation to further remove the student’s right to vote in personnel manners.

Re: DISCUSSION

Ms. Horvitz commented that the student Board member vote on personnel matters reflects the Board’s confidence in the student. She has been proud that the Board listens to the student’s opinion. This same idea came up in 2001, and it failed. She did not believe that the student’s vote should be restricted on this issue.

Mr. Abrams supported the resolution because he did not feel that the student possessed the wisdom of experience in dealing with personnel issues.

Mrs. O’Neill noted that the adult Board members are elected by the community and are responsible to the taxpayers and the electorate. The Board is lucky that the student sits at the table as a colleague and can express his/her views.

Mr. Barclay stated that he was inclined to oppose the legislation. The compelling argument is based on the past superintendent search. He thought that the student could recuse himself or herself for the selection of a principal at the student’s home school. He asked if the Board had observed a student voting inappropriately or irresponsibly.

Ms. Brandman spoke in opposition of the resolution. A student Board member brings a perspective from a large segment of the community. When making appointments, the student has an important voice in the perspective of the person receiving the education. With respect to recusal, a personal connection or relationship is exercised by all Board members. This Board must lead by example and stand strongly behind the rights of student Board members.

Ms. Cox knew that the vote was important to the student Board member, present and future. She supported the resolution. The student is not allowed to vote on budget issues because the student is not accountable to the voters whose taxes, for the most part, fund the budget. Her main concern was not principals, and she was willing to support an amendment that would only speak to the vote for the superintendent’s appointment. Other members of the Board who were on the Board when the last superintendent was hired tell stories about the immaturity of the student at that time. There is nothing in the legislation that precludes the student from giving input to the rest of the Board.

Ms. Horvitz pointed out that the superintendent makes recommendations to the Board that affects students.

Re: AN AMENDMENT OF THE VOTE OF STUDENT
BOARD MEMBER

On motion of Ms. Cox and seconded by Mrs. O'Neill, the following amendment was placed on the table:

Resolved, That the Montgomery County Board of Education support the local legislation to further remove the student’s right to vote in the selection of the superintendent and negative personnel matters personnel manners.

Re: DISCUSSION

Mrs. Navarro stated that she supports expanding the voting rights of the student Board member. Therefore, she would not support the legislation. She was empathic with situations in the past, but she had great faith in the caliber of the student Board members. She did not support the legislation or the amendment.

Dr. Docca stated that she did not support the bill. She thought the student had a representation on the Board and should have a voice.

Re: AN AMENDMENT OF THE VOTE OF STUDENT BOARD MEMBER

On motion of Ms. Cox and seconded by Mrs. O'Neill, the following amendment failed with Mr. Abrams, Ms. Cox and Mrs. O'Neill voting in the affirmative; Mr. Barclay, Ms. Brandman, Dr. Docca, Ms. Horvitz, and Mrs. Navarro voting in the negative:

Resolved, That the Montgomery County Board of Education support the local legislation to further remove the student’s right to vote in the selection of the superintendent and negative personnel matters personnel manners.

Re: VOTE OF STUDENT BOARD MEMBER

On motion of Mrs. O'Neill and seconded by Mr. Abrams, the following motion failed with Mr. Abrams, Ms. Cox and Mrs. O'Neill voting in the affirmative; Mr. Barclay, Ms. Brandman, Dr. Docca, Ms. Horvitz, and Mrs. Navarro voting in the negative:

Resolved, That the Montgomery County Board of Education support the local legislation to further remove the student’s right to vote in personnel manners.

Re: DEPARTMENT OF FACILITIES MANAGEMENT ANNUAL RESOURCE CONSERVATION PLAN FOR FY 2008

Mr. Bowers explained that the FY 2008 Resource Conservation Plan for MCPS complies
with the requirements of Montgomery County Code §18A and represents the MCPS contribution to the countywide mandate to coordinate energy management efforts. Moreover, the plan provides information on the school system’s energy consumption and a description of its energy conservation program.

The program for this year builds and improves on past successes. Key elements include the following:

**Leadership in Energy and Environmental Design (LEED) Pilot:** In August, 2006, MCPS opened Great Seneca Creek Elementary School, the first public school building in Maryland to be registered for LEED certification. The LEED design system is a comprehensive approach to energy and environmental best practices. The Great Seneca Creek Elementary School design includes many innovative features MCPS plans to standardize in future school designs. The LEED certification process will be incorporated into future designs of new schools and modernization projects as required by legislation recently adopted by the Montgomery County Council.

**Energy Facilitators Supporting School Conservation Efforts:** In FY 2005, the School Eco-Response Team (SERT) energy conservation program was expanded. Three energy facilitators were hired to work with school staff to develop conservation programs and monitor results. Incentives for meeting conservation targets also were increased. This program received an enthusiastic response from staff and students. In addition to school-based energy conservation, the facilitators also involve staff and students in selected systemwide conservation projects.

**Green Schools Success:** For FY 2007, 43 secondary schools are active “Green Schools” under an MCPS program initiated four years ago. Modeled on the national Green Schools Program of the Alliance to Save Energy, teams from these schools received advanced training in energy and environmental issues investigation, a professional toolkit of energy audit instruments, and a multimedia curriculum package for teaching energy and environmental stewardship in the classroom. The objective is to educate and empower the Green School teams to improve their schools’ energy and environmental performance.

**Collaboration Project:** In 2006, Department of Facilities Management staff, school principals, and representatives from the three bargaining units collaborated to develop strategies to reduce energy consumption. This collaboration group suggested several measures to reduce utility costs that have been implemented throughout MCPS.

MCPS continues to be challenged by historically high energy costs that are forecast to continue for several years. With the FY 2008 Resource Conservation Plan, the school system continues to deploy a comprehensive program of measures to mitigate these increasing energy costs.

Re: DISCUSSION
Mrs. O'Neill asked about the difficulty in modernizing a school under the new county code. Staff replied that a full modernization will be able to meet the requirements. Mrs. O'Neill inquired about the formulas for construction and if added money would be available to “build green.”

Ms. Cox asked staff to provide information on “green schools,” such as renewable energy sources, and other mandated initiatives, including the added costs, long-term benefit, and funding levels.
