Re: **BOARD OF EDUCATION FY 2013 OPERATING BUDGET INTERESTS**

Dr. Starr engaged the Board of Education in an exercise to discuss any broad budget interests that the Board may have. This is a useful process to be fully aware of the interests of the Board. It also enhanced transparency and led to a richer discussion of the operating budget over the course of the year. In preparation for this session, it is important that everyone has a common understanding of interest-based problem solving and the importance of focusing on interests and not positions.

The school system is in the early process of developing the operating budget. This exercise will likely yield only preliminary insights from the Board. Administration will be seeking feedback and involvement from our many stakeholders throughout the budget process until its culmination in May 2012.

The Board of Education identified the following process and interests:

Re: **ORAL UPDATE ON THE
SUPERINTENDENT'S TRANSITION REPORT**

Dr. Starr stated that he was pleased to share with the Board the work of the transition team, which will provide him with an assessment of what Montgomery County Public Schools (MCPS) is doing well and what areas need additional focus. The team reviewed a great deal of data and delved into the operations of our school system in order to give him a deeper understanding of the work done to date. The team reviewed documents, conducted numerous interviews, and held focus groups to hear from stakeholders and to understand the dynamics of MCPS. This will be the first of several dialogues with the Board about the report and what Dr. Starr has been learning in his initial months as superintendent of schools.

This report, as well as my "Listen and Learn" events, will provide Dr. Starr with a strong foundation of knowledge to lead our work going forward. It is clear to him that while much good work has gone on in MCPS, MCPS is a district poised for even greater success.

RESOLUTION NO. 450-11

Re: **FINAL ACTION, POLICY IOD, EDUCATION
OF ENGLISH LANGUAGE LEARNERS**

On recommendation and motion of the Policy Committee, the following resolution was adopted unanimously:

WHEREAS, Policy IOD, Education of English Language Learners, reaffirms the education of English language learners as a high priority for Montgomery County Public Schools and also ensures compliance with federal and state mandates regarding the education of English language learners; and

WHEREAS, The draft of Policy IOD, Education of English Language Learners, was tentatively adopted by the Montgomery County Board of Education on March 8, 2011, and was sent out for public comment; and

WHEREAS, The Montgomery County Board of Education has received comments and the Board of Education Policy Committee's recommendations; now therefore be it

Resolved, That the Montgomery County Board of Education adopt Policy IOD, Education of English Language Learners, as updated in the attached committee recommended draft.

A. PURPOSE

To reaffirm the education of English language learners as a high priority for Montgomery County Public Schools (MCPS)

To ensure compliance with federal and state mandates regarding the education of English language learners

B. ISSUE

Success for every student is based on the premise that quality education is a fundamental right of every child. Language should not be a barrier that impedes English language learners in their effort to secure equal educational opportunities in MCPS. English language learners have become an increasingly diverse group of students, representing many countries and languages, coming from all socioeconomic levels, and having varied educational and experiential backgrounds. There must be special instructional and support programs to meet the challenges faced by English language learners, including services such as counseling, parent outreach, and bilingual assessments that will help eliminate barriers that might prevent students from participating fully in educational programs. Instruction should enable students to learn English as quickly as possible while at the same time ensuring that they do not fall behind their grade-level peers in content areas.

C. POSITION

1. It is the intent of the Montgomery County Board of Education to:
