**Prior Committee Work**
In reviewing the past work of the committee, it was determined that the group has spent time discussing the learning centers, special education staffing, collaboration action process, transition services, and reviewing the recommendations of the Special Education Continuous Improvement Team (SECIT). Furthermore, the committee had unfinished items on the work plan, including among other items the Disproportionality Report, Mark Twain phase-out, gifted and talented education, and alternative programs.

**Work Plan Aligned with Our Call to Action**
