Career Readiness: Montgomery County Public Schools (MCPS)

Get an Early Edge on YOUR FUTURE

Yes, I have heard about Career Readiness?

Yes/No. The Montgomery County Public Schools (MCPS) Career Readiness program provides a variety of resources and opportunities for students to explore different career paths and développe their skills. This includes access to high-quality training and apprenticeships, as well as partnerships with local businesses and industries.

MCPS Career Readiness:

- High school courses in various fields
- Apprenticeships and internships
- Work-based learning opportunities
- Access to college and career resources

MCPS Career Readiness helps students prepare for the future by providing them with the tools and knowledge they need to succeed in their chosen careers. Students can explore different career paths, develop their skills, and gain valuable experience through partnerships with local businesses and industries.
