The R.A.I.S.E. Report

Director's Message

African Americans face every day in our society, along with other underserved populations. However, my message here is one of hope and inspiration. Together, across MCPS Athletics and beyond, we can successfully navigate these waters to weather the storm of COVID-19 and dam the current of institutional racism and completely change the mindset and practices in our world. I will continue to champion our core values across all of MCPS Athletics and support equity and social justice for ALL students, with particular focus on our underserved and marginalized students and populations. In regard to COVID-19, we will continue our ongoing efforts and unwavering commitment to planning a safe return for our student-athletes, coaches, and all stakeholders across our program. The *Return to R.A.I.S.E.* strategic plan will continue to guide our efforts through this transition. Please know our paramount priority is the health and safety of our student-athletes and stakeholders. Finally, I want to thank our student-athletes for your resiliency – we find strength and hope in you – and want to congratulate our graduating seniors! I wish you all the best!

COACHES' CORNER

Spring Coaches – Thank you!

We recognize the positive impact that coaches have on the physical, mental, and social-emotional health of students during the disruption of school operations due to COVID-19. In response, MCPS middle and high school spring sport coaches connected with student-athletes using the Engagement of Activity (EOA) Plan, to capture and share their actions, strategies and supports during the Continuity of Learning time period, caused by COVID-19. Thank you to spring sport coaches for supporting student-athletes during this pandemic. #WeRAISE

Coaches, Equity, and Social Justice

Coaches have unique opportunities to support students, their families, and communities, by using the athletics platform to engage in conversations and actions surrounding issues of equity and social justice. Coaches play an integral role in supporting the well-being of students – as athletes and as upstanding members of the community. Coaches are encouraged to review and utilize the resources distributed by the [MCPS Equity Initiatives Unit](#) including the most recent resources [An Educators Guide to this Moment](#) and [LGBTQ+ in MCPS](#). ALL means ALL in MCPS Athletics! Together #WeRAISE

Seasonal Health & Safety Tip

MCPS is working collaboratively with the Maryland Public Secondary Schools Athletic Association (MPSSAA), with guidance from the National Federation of State High School Association (NFHS), the Maryland State Department of Education, and state and local health officials to safely return student-athletes to the playing fields. In the meantime, check out the COVID-19 resources on the [MCPS webpage](#).

ATHLETIC DIRECTORS' SPOTLIGHT

Call to RAISE Responsiveness for Equity and Social Justice

While the efforts of the MCPS athletics program have focused recently on the engagement of student-athletes and the safe return of athletics as the result of the COVID-19 pandemic, recent events in our country remind us that there are other important issues affecting all of our lives and the lives of our students and their families. These events have once again forced us to see the pervasive injustice, inequality and hate that African Americans face every day in our communities. During times like these, MCPS Athletics pledges to rise and take action to support our students and families, particularly our students of color, and be champions of our R.A.I.S.E. core values of respect, integrity, character, and equity. The MCPS Athletics program has and will continue to champion the belief that ALL means ALL.

25 Days of Giving Campaign

In response to the COVID-19 closure of MCPS schools, the cancellation of the spring athletics season, and the newly instituted social distancing guidelines, Mr. Marco Fuggitti, Athletic Director at Northwood High School, kept the MCPS athletics community engaged in a *25 Days of Giving Campaign* using various social media outlets. Each of the twenty-five high school athletic directors designated a charity/fund to receive \$1 donations on a specific day in April. The *25 Days of Giving Campaign* generated close to \$15,000 across twenty-five charitable organizations. Thank you Mr. Fuggitti for unifying all twenty-five MCPS athletic communities during this unprecedented time.
