Non-budgeted grant expenditures also are not reflected on the relative summary of resources documents throughout this publication.

# Montgomery County Public Schools FY 2024 Operating Budget <br> Summary of Negotiations 

The bargaining units for MCPS are the Montgomery County Education Association (MCEA), representing certificated non-administrative employees; Service Employees International Union (SEIU) Local 500, representing supporting services employees; and the Montgomery County Association of Administrators and Principals/Montgomery County Business and Operations Administrators (MCAAP/MCBOA), representing certificated and non-certificated administrators and non-certificated supervisory employees in separate units. The two MCAAP units are covered in a single contract for both units. During FY 2021, the Board of Education reached agreements covering noneconomic terms with all three-employee associations; economic terms re-open with each association annually. MCAAP/MCBOA and SEIU are covered under separate threeyear agreements, effective July 1, 2020, through June 30, 2023. The agreement with MCEA was shorter, effective February 23, 2021, through June 30, 2022. In a memorandum of understanding, MCPS and MCEA agreed to extend the MCEA contract one fiscal year - through June 30, 2023.

In May 2023, negotiations with the three employee associations were completed and ratified, and the contracts were approved by the Board of Education on June 6, 2023. The agreements addressed salary and wage increases for employees for Fiscal Years (FY) 2024 and 2025. The two-year agreements reflect the school system's commitment to ensuring MCPS can hire and retain a talented and highly qualified workforce.

Key highlights of the two-year agreements are as follows:

Subject: Final Adoption of the Fiscal Year 2024 Operating Budget

## Executive Summary

On May 25, 2023, the County Council approved the Montgomery County Public Schools (MCPS) Operating Budget appropriation for Fiscal Year (FY) 2024. The County Council approved a total of $\$ 3,165,007,511$ for MCPS. This is an increase of $\$ 244,979,884$ ( 8.4 percent) more than the current FY 2023 Operating Budget of $\$ 2,920,027,627$. The County Council's action on the overall FY 2024 Operating Budget for MCPS provided a net decrease of $\$ 51,032,162$ compared to the Board of Education's (Board) FY 2024 tentatively adopted budget.

The total local contribution of $\$ 1,995,489,035$ approved by the County Council is an increase of $\$ 156,417,575$ compared with the current FY 2023 appropriation. This local contribution amount is $\$ 197,937,840$ greater than the required minimum amount required by the state's Maintenance of Effort law reported by the Maryland State Department of Education (MSDE) as amended by Maryland House Bill 1450. As required by state law, the County Council approved the MCPS appropriation by individual state category. The FY 2024 tax-supported budget is $\$ 2,954,000,292$, an increase of $\$ 215,682,779$ compared to the current FY 2023 tax-supported budget.

## Budget Development Process

Similar to past years, the Board engaged in a formal and public process in developing the FY 2024 Operating Budget for MCPS. This budget continues our focus on students, classrooms, and schools. The budget provides for the funding needed for the impact that the pandemic has had on our students and staff, their teaching and learning, social emotional well-being, and school safety and security.

The development of the FY 2024 Operating Budget for MCPS continued to involve students, parents and guardians, MCPS staff, residents, and other stakeholders in our community.

Senior MCPS leadership and staff members also played important roles throughout the FY 2024 budget process. As in past years, leadership from each of the employee associations-the Montgomery County Association of Administrators and Principals, the Montgomery County Education Association, the Service Employees International Union Local 500, leaders of the Montgomery County Council of Parent Teacher Associations (MCCPTA), Inc., and representatives of the African American Student Achievement Action Group and the Latino Student Achievement Action Group, the Asian Pacific American Student Achievement Action Group, the National Association for the Advancement of Colored People, the Black and Brown Coalition, the MCCPTA, Inc., Gifted Child Committee, and the Special Education Advisory Committee were a part of the Superintendent's Budget Advisory Committee. Similar to last year, we had a total of ten current MCPS students on the committee. I am very grateful to have the input from a group representing broad interests in Montgomery County in developing the FY 2024 Operating Budget.

Following the presentation of my Recommended FY 2023 Operating Budget on December 19, 2022, at Northwest High School, the Board heard testimony from Parent Teacher Association representatives and many other stakeholders at two public hearings held on January 11 and January 17, 2023. Board members asked a variety of questions of staff during the public hearings and at three budget work sessions held on January 10, January 18, and January 24, 2023.

## Background

At its meeting on February 23, 2023, the Board tentatively adopted its FY 2024 Operating Budget totaling $\$ 3,216,039,673$, or $\$ 296,012,046$ more than the current FY 2023 budget. The Board's request reflected a local contribution of $\$ 2,069,797,141$, an increase of $\$ 230,725,681$ from the local contribution in FY 2023.

Attachment A is a summary table that compares the changes by state category from the Board's FY 2024 budget request, to the County Council's action, and then to the Board's action to adopt the FY 2024 budget today. Attachment B is a summary of the changes in the total and tax-supported FY 2024 Operating Budget compared with FY 2023. Attachment C is a schedule of detailed changes in the County Council's appropriation and the Board's adoption today by state category compared to the Board's FY 2024 tentatively adopted budget on February 23, 2023.

## County Executive Recommendation

On March 15, 2023, the county executive had recommended to the County Council a total budget of $\$ 3,028,490,078$ for MCPS in FY 2024, which was $\$ 7,549,595$ less than that the Board had tentatively adopted and, at the same time, was $\$ 288,462,451$ more than the current FY 2023 Operating Budget. The county executive recommendation reflected a decrease of $\$ 7,408,106$ in the local contribution. The recommendation also reflected a reduction of $\$ 141,489$ to the Instructional Television Special Revenue Fund. The county executive also recommended continuing to use $\$ 27,200,000$ from the county's Consolidated Other Post-employment Benefits (OPEB) Trust Fund to cover a portion of current MCPS retiree health benefits costs in FY 2024.

A summary of the revenue and expenditure changes included in the County Council's action on the MCPS FY 2024 Operating Budget follows.

## Revenues

Local Contribution: The FY 2024 Operating Budget appropriated by the County Council for MCPS includes a local contribution of $\$ 1,995,489,035$, an increase of $\$ 156,417,575$ more than the FY 2023 local contribution of $\$ 1,839,071,460$. This is the largest increase in local contribution funding that MCPS has received. In comparison, in FY 2017, MCPS received an increase of $\$ 110,000,000$ in the local contribution from Montgomery County, and in FY 2023, MCPS received an increase of $\$ 84,823,592$ from the county. Based on the language in Maryland House Bill 1450, passed by the Maryland General Assembly in the spring of 2022, this local contribution is $\$ 197,937,840$ above the minimum level of $\$ 1,797,551,195$ required by the state's Maintenance of Effort law.

In addition, the County Council agreed with the county executive's recommendation to continue providing $\$ 27,200,000$ from the county's Consolidated Other Post-employment Benefits Trust Fund to cover a portion of current MCPS retiree health benefits expenditures in FY 2024.

State Aid: The total amount of state revenue for MCPS for FY 2024 based on the governor's budget and subsequent action by the Maryland General Assembly is $\$ 933,283,780$. This is $\$ 69,525,204$ ( 8.0 percent) more than the amount of state revenue provided in FY 2023. The majority of this funding is from the Bridge to Excellence legislation and other forms of state aid including aid for students with disabilities and student transportation. The other major component of state aid comes from the Blueprint legislation.

Changes to the amount of state aid by category are as follows: Foundation grant (decrease of $\$ 8,916,307$ ); Compensatory Education (increase of $\$ 33,818,923$ ); limited English proficiency grant (increase of $\$ 9,894,032$ ); students with disabilities-formula grant (increase of $\$ 9,988,253$ ) and transportation of students' grant (increase of $\$ 4,590,303$ ); and, changeover of the Geographic Cost of Education Index to Comparable Wage Index (decrease of $\$ 8,471,468$ ). Also, Blueprint funding decreased by $\$ 4,655,007$ compared to the current FY 2023 budget. The total Blueprint funding of $\$ 34,188,924$ for FY 2024 includes the following: Concentration of Poverty, $\$ 10,690,502$ (increase of $\$ 2,033,166$ ); National Board-Certified teacher salaries, $\$ 1,936,308$ (increase of $\$ 47,138$ ); prekindergarten, $\$ 5,595,704$ (decrease of $\$ 6,953,769$ ); transitional supplemental instruction, $\$ 5,017,081$ (increase of $\$ 62,236$ ); college and career readiness, $\$ 3,236,584$ (increase of $\$ 156,222$ ); and transition grant, $\$ 7,712,745$ (no change from FY 2023).

Finally, there is a small increase of $\$ 260,000$ in other programs financed through state grants.
Federal Aid: The estimate for federal aid totals $\$ 111,810,438$ for FY 2024. This is an increase of $\$ 23,163,094$ more than FY 2023. The majority of the adjustment in funding is related to the amount anticipated for the Title I, Part A, grant, for improving the academic achievement of the disadvantaged, which is expected to increase by $\$ 18,524,475$. The Individuals with Disabilities Education Act Grant that MCPS receives is expected to increase by $\$ 4,892,958$. Examples of other changes include a decrease of $\$ 2,047$, for Title VII, American Indian Education, an increase of $\$ 147,708$ for the Federal Head Start grant, and a decrease of $\$ 400,000$ in the Medical Assistance Program grant.

Aid from Other Sources: The amount of revenue MCPS is expected to receive in FY 2024 from a variety of other sources totals $\$ 12,791,137$. This is an increase of $\$ 1,500,000$ more than the current FY 2023 Operating Budget. The vast majority of this funding, or $\$ 11,531,204$, is revenue that is budgeted to come from programs funded through relatively small unbudgeted grants, commonly known as the Provision for Future Supported Projects.

Enterprise and Special Revenue Funds: The MCPS Enterprise Fund totals $\$ 84,951,835$, which is the same amount as in the FY 2024 Board's tentatively adopted budget. It is an increase of $\$ 4,462,500$ more than the current FY 2023 Operating Budget. The Special Revenue Fund being adopted today is $\$ 1,681,286$, a decrease from the FY 2024 Board's February budget of $\$ 141,489$ in the amount of cable television revenue that MCPS receives from the county.

MCPS Fund Balance: In addition to other sources of revenue, the Board's tentatively adopted budget for FY 2024 included $\$ 25,000,000$ of MCPS Fund Balance from the end of FY 2023 as a source of revenue for the FY 2024 Operating Budget. The county executive also recommended
that amount. The County Council's action on the FY 2024 appropriation reflected $\$ 25,000,000$ in FY 2023 fund balance to be used to fund the FY 2024 Operating Budget. The packet for the County Council Education and Culture Committee's meeting on May 4, 2023, stated that its fund balance policy resolution indicates "The Council should not budget any reserve for the MCPS Current Fund. Given the revenue pressures in the FY 2024 budget, it may be important to revisit the practice of intentionally carrying over a significant target amount of funds from year to year in the MCPS budget."

## Expenditures

The FY 2024 Operating Budget for MCPS approved by the County Council totals $\$ 3,165,007,511$ in expenditures. This amount is $\$ 51,032,162$ less than the Board had tentatively adopted for FY 2024. This includes a decrease of $\$ 74,308,106$ in local funding, an increase of $\$ 23,417,433$ in federal funding, and a decrease of $\$ 141,489$ in instructional television special revenue funding.

In addition to the decrease of $\$ 74,308,106$ in local funding from the Board's tentatively adopted FY 2024 budget, MCPS must identify savings for an additional $\$ 13,804,736$ for items identified since the Board's action on February 23, 2023. Hence, a total of $\$ 88,112,842$ in reductions must be taken to the Board's FY 2024 Operating Budget Request. This includes $\$ 3,084,815$ in additional compensation and benefit requirements identified to implement the contracts with the three employee associations. In addition, the county executive's budget recommendation requires MCPS to absorb the $\$ 1,000,000$ in lease costs for the new MCPS warehouse location. Finally, MCPS must provide career counseling through Workforce Montgomery and Montgomery College under the provisions of the Blueprint legislation totaling $\$ 9,719,921$ that was not included in the Board's FY 2024 budget request.

The following is an explanation of the changes in expenditures for FY 2024 to the Board's budget request as a result of the County Council's action on the MCPS operating budget.

## Additional Lapse and Turnover

In a new approach for action on Montgomery County's FY 2024 Operating Budget, the County Council placed all changes to the county's FY 2023 Operating Budget on the reconciliation list. In the past, the reconciliation list only reflected the increases and decreases the County Council made to the agencies' FY 2024 budget requests. For MCPS, that meant there were 10 individual tranches each totaling $\$ 22.3$ million on the reconciliation list.

One of the ways the County Council lowered the local funding for MCPS for FY 2024 was to reduce it by one tranche related to our fund balance. This was based on the County Council policy that agencies such as MCPS not budgeting for a fund balance by the end of the fiscal year. Since around the turn of the century, MCPS has been using fund balance from the current year to fund the following year's budget. This process was particularly emphasized at the time of the Great Recession in the 2009-2011 timeframe when large amounts of MCPS Fund Balance were used for the following year's budget.

For example, $\$ 44.2$ million of fund balance from FY 2009 was used to fund the FY 2010 Operating Budget. Also, $\$ 35$ million from fund balance at the end of FY 2022 was used to fund the FY 2023 Operating Budget. With no expectation by the County Council to fund the FY 2025 Operating Budget with MCPS fund balance, MCPS will have to increase lapse and turnover savings by $\$ 30$ million to cover part of the $\$ 88.1$ million of reductions from the Board's FY 2024 budget request.

## Changes to Accelerators Included in Board's FY 2024 Operating Budget Request

The Board's FY 2024 Operating Budget request included $\$ 47,021,208$ million for accelerators ranging from improving math and literacy for our students, important Blueprint-related requirements to additional staff in facilities management, transportation, human resources, and safety and security. From this original list of accelerators, MCPS must reduce the operating budget by a total of $\$ 20,190,298$ in response to the County Council's action on the FY 2024 Operating Budget. The following is a list of the $\$ 26,830,910$ in accelerators that will be funded in FY 2024, of which $\$ 22,630,616$ will be funded in the operating budget and $\$ 4,200,294$ that will be funded through Elementary and Secondary School Emergency Relief (ESSER).

Operating Budget base expenditures moving to the ESSER Grant for FY 2024-39.0 FTE positions and \$25,099,562

Based on the County Council's FY 2024 appropriation for MCPS, we must move $\$ 24,241,518$ of base expenditures to the ESSER III grant for the next fiscal year. As this ESSER III funding will expire on September 30, 2024, this will exacerbate the issue of the fiscal cliff concern that this one-time pandemic-related funding has created. It will be important for MCPS to add these resources back in the operating budget for FY 2025. This list includes the following: 19.0 FTE parent community coordinator positions ( $\$ 2,248,422$ ); 20.0 psychologist positions $(\$ 2,352,305)$; staff development stipends ( $\$ 3,029,452$ ); purchase of curriculum materials $(\$ 10,947,616)$; substitute funding for staff training ( $\$ 216,329$ ); purchase of parts for chromebook and computer repairs ( $\$ 1,339,782$ ); contractual services for heating, ventilation, and air conditioning chiller repairs $(\$ 1,900,000)$; purchase of parts for replacement and maintenance of custodial equipment ( $\$ 800,000$ ); purchase of air conditioning filters ( $\$ 349,967$ ); purchase and installation of school cameras ( $\$ 927,965$ ); contractual services for College Tracks ( $\$ 300,000$ ); staff training stipends ( $\$ 241,282$ ) and restorative justice stipends $(\$ 446,442)$.

## Operating Budget Base Reductions-31.0 FTE positions and \$8,622,688

Based on the County Council's appropriation for MCPS in FY 2024, MCPS is taking base reductions totaling 31.0 FTE positions and $\$ 8,622,688$ for the next fiscal year. Only two of these

FTE positions are occupied. Decisions were made to minimize the impact on students, classrooms, and schools. A list of some of the highlights of the base budget reductions for FY 2024 follows.

Teacher reserve: 20.0 FTE positions and $\$ 1,548,896$. The reserve is a function that MCPS uses in staffing schools to make corrections needed for enrollment shifts and other program changes. MCPS will decrease the reserve for FY 2024 by these resources.

Position reductions: 11.4 FTE and $\$ 1,455,549$. In order to reduce the FY 2024 Operating Budget to the level provided by the County Council, staffing reductions will be necessary. These reductions include a 1.0 FTE supervisor position; 3.0 FTE coordinator positions, 3.0 FTE instructional specialist positions, 2.0 FTE teacher positions, 1.0 social worker position, a 0.4 pupil personnel worker position, and a 1.0 interpreter position. As mentioned earlier, all but two of these positions are vacant.

Contract funding for athletic trainers: $\$ 400,000$. With the addition of 25 athletic trainers employed by MCPS starting in FY 2024, contractual funding in the Athletics Unit will be reduced by this amount.

Publicly funded private prekindergarten providers: $\$ 2,706,356$. Under the Blueprint legislation, MSDE distributed funding in school district state aid budgets for eligible publicly funded private prekindergarten providers. MCPS prepared an expenditure account for this funding. MSDE informed MCPS that only Cecil and Worcester counties had providers eligible for this funding so MCPS can reduce the FY 2024 budget by this amount.

School-age Day Students in Nonpublic Schools: $\$ 500,000$. Because of recent trends, MCPS believes it can reduce its funding for the cost we pay for school-age day students attending nonpublic schools.

Technology: $\$ 720,000$. MCPS will reduce the FY 2024 Operating Budget for technology-related contractual services and the purchase of software.

Expenditure trends: $\$ 966,887$. Due to some historical under spending in certain accounts, this funding can be reduced from staff training, student transportation, and contractual services accounts.

Achieving Collegiate Excellence and Success (ACES): $\$ 325,000$. With the expansion of career counseling in FY 2024, the ACES program can be reduced by this amount.

## Changes in Funding for Federal Grants

Since the Board tentatively adopted the FY 2024 Operating Budget, MCPS expects to receive an additional $\$ 23,417,433$ in funding from the federal government. The vast majority of this additional funding is for the Title I, Part A, grant, for students living in poverty. As a result, a total of $\$ 111,810,438$ in federal funding is included in the FY 2024 Operating Budget that the Board will adopt today.

## Changes in Funding for Special Revenue Fund

The county executive's budget recommendation decreased the amount of revenue to be available for the MCPS Instructional Television Special Revenue Fund by $\$ 141,489$. This funding is provided by the county from cable television fees. This decrease in revenue will result in the elimination of one position funded from this revenue in the Office of Communications.

## Summary of Recommendations

MCPS continued to seek input from a wide variety of stakeholders both within and outside the school system in developing the FY 2024 Operating Budget. Members of the Board of Education and the County Council, the county executive, along with our employee associations, parent/guardian representatives, students, and community members, and MCPS staff all played important roles in the final FY 2024 Operating Budget being presented today for approval by the Board.

This FY 2024 Operating Budget presented to the Board today continues our focus on students, classrooms, and schools. This budget is centered on the MCPS core purpose of preparing all students to succeed from prekindergarten to their careers.

Attachment C details the changes to the FY 2024 Operating Budget within state categories based on County Council action on May 25, 2023. Any additional changes made by the Board today, if any, will be reflected in the final Attachment $C$ that will be published in the final printing of the MCPS Summary FY 2024 Operating Budget document.

## COUNTY COUNCIL FOR MONTGOMERY COUNTY, MARYLAND

By: County Council

## SUBJECT: Approval of and Appropriation for the FY 2024 Operating Budget of the Montgomery County Public School System

## Background

1. As required by the Education Article, Sections 5-101 and 5-102 of the Maryland Code, the Board of Education sent to the County Executive and the County Council the FY 2024 Operating Budget for the Montgomery County Public School (MCPS) system as shown below.
2. The Executive sent to the Council his recommendations regarding this budget on March 15, 2023.
3. As required by Section 304 of the County Charter, the Council held public hearings on the Operating Budget and the Executive's recommendations on April 11 and 13, 2023.
4. The appropriation in this resolution is based on the following projected revenues for FY 2024:

| State: | $\$$ | $933,283,780$ |
| :--- | ---: | ---: |
| Federal: | $\$$ | $111,810,438$ |
| Other: | $\$$ | $12,791,137$ |
| Enterprise: | $\$$ | $84,951,835$ |
| Special Revenue: | $\$$ | $1,681,286$ |

5. This appropriation requires a local contribution of $\$ 1,995,489,035$ to Montgomery County Public Schools.
6. Of the funds appropriated in this resolution, $\$ 72,106,533$ is appropriated to meet the State's FY 2024 requirement for the County to fund the shift of teacher pension costs from the State to the County. The State requires that this payment be included in the calculation of the Maintenance of Effort requirement, and that the Montgomery County Public Schools must reimburse the State for this amount of teacher pension costs.
7. This resolution re-appropriates the full amount of FY 2023 MCPS Current Fund balance or $\$ 25,000,000$ from the MCPS Current Fund balance, whichever amount is less.
8. The Superintendent submitted to the Council proposed changes by State category to meet the approved expenditure level as reflected in this appropriation.

The following conditions are established on the use of this transfer authority:
a) The program must not require any present or future County funds.
b) Subject to the balance in the account, any amount can be transferred in FY 2024 for any program which meets at least one of the following four conditions: (1) the amount is $\$ 200,000$ or less; (2) the program was funded in FY 2023; (3) the program was included in the FY 2024 budget; (4) the program was funded by the Council in a supplemental or special appropriation in FY 2024. Any program that does not meet one of these four conditions must be funded by a supplemental or special appropriation.
c) MCPS must notify the Executive and the Council within 30 days after each transfer.
3. Any appropriation authorized in this resolution for any expenditure funded by non-County funds is contingent on the receipt of the non-County funds.
4. This resolution re-appropriates or appropriates revenue received from non-County sources for programs funded in whole or in part from those non-County funds:
a) together with matching County funds, if any; and
b) to the extent that the program period approved by the non-County source encompasses more than one fiscal year, in order to complete the grant program under the terms of receipt of the non-County revenues.
5. This resolution re-appropriates the fund balance of the Warehouse account.
6. The Council continues the procedure for transfers adopted in Resolution 12-889. This procedure applies only to the non-County portion of grant programs, and therefore only applies to those grant programs for which MCPS keeps separate accounts for County and non-County funds.
a) The Council will not take action on these transfers, so the transfers will be automatically approved after 30 days, as provided by State law.
b) MCPS staff must report each transfer to the Executive and the Council within 30 days after the transfer.
7. The following provision applies when MCPS receives more non-County funds than were budgeted for a project that also receives some County funds:
a) Council approval is not required to substitute non-County funds for County funds. In this case, there is no change in the appropriation.
b) Council approval is required to increase the appropriation. The Council may decide to substitute non-County funds for the County funds instead of increasing the appropriation.
8. This resolution re-appropriates encumbered appropriations, permitting them to be spent in FY 2024. Unencumbered appropriations lapse at the end of FY 2023 except as re-appropriated elsewhere in this resolution.

This is a correct cony of Council action.

Sara R. Tenenbaum
Clerk of the Council

## CATEGORIES

State law requires all counties and Baltimore City to appropriate and record expenditures for education in accordance with standardized state budget categories. This is so the Maryland State Department of Education may collect and compare data on local education spending from across the state. These state budget categories are based generally on broad functional classifications such as administration, instructional costs, special education, and student transportation.

Additionally, there also are special revenue and enterprise funds that generate/receive outside revenue which defrays the system cost.

Below are summaries of the types of expenditures in each of the state categories of expenditure and the percent of each category to the total operating budget.

## Category 1—Administration (2.3 percent)

Administration includes expenditures for the Board of Education, executive staff units, evaluation and supporting services, administrators, supervisors, and human resources. These expenditures affect the district as a whole and are not confined to a single school building.

The Code of Maryland Regulations (COMAR) requires each local school system to submit an annual special education staffing plan to the Maryland State Department of Education (MSDE). The plan must demonstrate public input and be approved by the local Board of Education prior to its submission to MSDE. The locally approved staffing plan is submitted to MSDE annually by July 1 with the local application for federal funds. MSDE reviews the staffing plan and advises the local agency if there is a need for additional information or revisions. If revisions are required, the local agency must submit the revised staffing plan by September 30. The required elements of the staffing plan include the following:

- Evidence of public input
- Evidence of maintenance of effort within the meaning of 34 CFR $\S 300.231$, Maintenance of Effort, and COMAR 13A.02.05, Maintenance of Effort

# FISCAL YEAR (FY) 2024 SPECIAL EDUCATION STAFFING PLAN 

Montgomery County Public Schools
June 2023

## Overview

The Office of Special Education (OSE) provides a Free Appropriate Public Education (FAPE) to all students with disabilities requiring specialized instruction and related services. Students with disabilities receive their services-

- within a comprehensive, collaborative, and individualized support system that enables access to the Montgomery County Public Schools (MCPS) curriculum aligned to the Maryland College and Career Ready Standards or the Alternate Academic Achievement Standards as determined by the Individualized Education Program (IEP) team; and
- in the student's home school or home school cluster, to the maximum extent possible, in accordance with national, state, and local mandates.

Local school systems (LSSs) are required by the Code of Maryland Regulations (COMAR) 13A.05.02.13D to develop a yearly Special Education Staffing Plan to ensure that sufficient staff members are available to meet the programming needs of students. The plan must be completed on or before July 1, with evidence of Montgomery County Board of Education (Board) approval. In addition, the plan is required to include the following:

- evidence of public input;
- evidence of Maintenance of Effort (MOE) within the meaning of 34 CFR $\$ 300.231$, MOE, and COMAR 13A.02.05, MOE;
- staffing patterns of service providers for special education and related services;
- consideration of time requirements beyond direct services;
- the number and type of service providers needed to provide FAPE to each student with a disability in the least restrictive environment (LRE);
- local accountability and monitoring;
- strategies to resolve concerns regarding staffing plans;
- evaluation of the local staffing plan for effectiveness;
- steps to secure public input in the development of the staffing plan; and
- information on how the public agency will use the staffing plan to monitor the assignment of staff members to ensure that personnel and other resources are available to provide FAPE to each student with a disability in the LRE.

## Introduction

As required by the Maryland State Department of Education (MSDE), the MCPS Fiscal Year 2024 Special Education Staffing Plan provides evidence of public input, professional development (PD), special education service descriptions (Attachment A), special education enrollment, the number and types of direct service providers (Attachment B), and the process for reviewing and making adjustments to staffing and MOE. In addition, the plan recommends staffing priorities and recommendations for maintenance of initiatives for FY 2024 (Attachment C).

OSE recognizes and appreciates the Board's support of special education through previous budget initiatives and the funding of required improvements. As a result of ongoing fiscal limitations, the Special Education Staffing Plan Committee (SESPC) focused on critical areas of special education programming. Those items that were not included in the FY 2023 MCPS Program Budget were considered by the committee, special education program staff members, the Department of Facilities Management (DFM), and Budget and Planning staff members during the FY 2024 budget process that began July 2022 (Attachment D).

As stated in the MCPS Strategic Plan, our core purpose is to prepare ALL students to actively participate in college, career, and community opportunities. MCPS is committed to mitigating learning loss caused by the pandemic while continuing to narrow the opportunity gap for all student groups. Two major pieces of federal legislation drive the delivery of special education services: the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) and the Every Student Succeeds Act of 2015 (ESSA). Board Policy IOB, Education of Students with Disabilities, further affirms the commitment of the school system to ensure the provision of FAPE.

MCPS collaborates and coordinates within the school system and with community agencies to ensure services are provided to students with disabilities in accordance with their IEP. This includes, but is not limited to, behavioral, mental health, counseling support, and transition to post-secondary college, career, and community opportunities.

IDEA mandates that "to the maximum extent appropriate" students with disabilities shall be "educated with children who are not disabled." Moreover, assignment to "special classes, separate schooling, or other removal of students with disabilities from the general education environment" should occur "only when the nature or severity of the disability of a child is such that education in general classes with the use of supplementary aids and services cannot be achieved satisfactorily." In addition to this LRE mandate, IDEA regulations require school districts to ensure that a student with disabilities is "educated in the school he or she would attend if nondisabled" unless the IEP requires some other arrangement.

MCPS uses OSE leadership meetings to evaluate its performance in alignment with the federal and state Results Driven Accountability measures. The outcome of this process drives our general supervision responsibilities for internal monitoring, targeted professional learning opportunities (PLOs) for schools, our strategic plan, and ultimately drives student success.

ESSA holds schools accountable for improved educational outcomes for all students. ESSA specifically mandates testing and disaggregation of test results to show progress for students with disabilities and other identified student groups.

Principal Advisory Committee and professional learning community (PLC) meetings are conducted throughout the school year as a forum for open dialogue and evaluation of strategies. Topics covered during these meetings include initial feedback on new initiatives, sharing of best practices, concerns, and staffing considerations. Staffing concerns raised during these meetings are explored for potential solution with project teams formed by key stakeholders to address the stated issue(s). The work of the project team is to research and identify recommendations for review by executive
leadership. These recommendations are used to drive budget discussions, which in turn allow for staffing changes and enhancements.

During the school year, staff members from the Department of Special Education Services (DSES) and the Division of Business, Fiscal and Information Systems (DBFIS) review information from student IEPs using the Maryland Online Individualized Education Program (MOIEP) system, classroom observations, MSDE mandates, due process hearing decisions, and input from staff and community members to determine the effectiveness of the current MCPS Special Education Staffing Plan and to make recommendations for the next Fiscal Year's staffing plan.

MCPS holds all staff members accountable for student outcomes. MCPS is committed to increasing collaboration among all offices, staff members, schools, and the community to ensure coordinated services meet the needs of all students in the most effective and efficient ways. The MCPS Special Education Staffing Plan ensures that appropriate personnel are available to deliver the services required to implement student IEPs and provides balance between student needs, teacher responsibilities, and the educational settings in which services will be provided.

## MCPS Budget Review and Adoption Process

In December 2022, the superintendent of schools presented her FY 2024 Recommended Operating Budget to the members of the Board and the community. The budget reflects input from a variety of public and private stakeholders, including input provided by SESPC. Two public FY 2024 budget hearings were held on January 11 and January 17, 2023. The Board operating budget work sessions were held on January 12, 18, and 24, 2023. The Board tentatively adopted the FY 2024 Superintendent's Recommended Operating Budget on February 7, 2023. After March 1, 2023, the Board's recommended budget were sent to each principal, Parent Teacher Association president, public library, Montgomery County executive, and the County Council (CC) as required by law.

The Montgomery County executive made recommendations for the MCPS budget in March 2023, with the CC holding public hearings on all local government budgets in April 2023. The CC's Education Committee held work sessions on the Board's recommended budget in AprilMay 2023, and the full CC reviewed the school system budget in May 2023. The Montgomery County Charter, as amended by voters in November 1992, requires that the CC act on all budgets by May 31 of each year. This year, the CC approved the county budget on May 25, 2023. After the CC completes its appropriation action, the Board adopted the final approved budget for FY 2024 on June 6, 2023. A timeline of budget actions can be found in Attachment D.

## Public Input

Mrs. Julie S. Hall, director, DBFIS, invited members of the community, DSES/DBFIS staff members, the Special Education Advisory Committee, and other stakeholders to participate on the SESPC (Attachment E). The committee met on July 19, 2022, to review the FY 2023 Special Education Staffing Plan, receive information regarding the FY 2023 MCPS budget and public input, and to make recommendations for priorities to be considered for inclusion in the FY 2024 budget.

During the July meeting, the committee received an overview of the elements of a staffing plan, considered how the process of developing a staffing plan aligned with the new MCPS budget process, reviewed the FY 2023 SESPC recommendations, and the final FY 2023 special education budget allocations. Additionally, the SESPC was asked to participate as a focus group. The committee was asked to consider current resources and the use of those resources to support students with disabilities by providing them with the skills needed to be successful in college and career when responding to the following questions:

1. An achievement gap exists for students with disabilities. We need to increase proficiency rates for children with IEPs against grade level modified and alternative achievement standards.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

2. All students should be effectively served in the LRE. Current state indicator data demonstrates that we are not meeting MSDE targets. We need to increase the number of students being served in the $L R E$.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

3. We are charged as a system to ensure all students have the academic, creative problem solving, and the social emotional competencies that they will need to be successful in the 21st century. State Indicator data, specifically discipline data, shows there is more work to be done to reduce suspensions for students with disabilities.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

The committee selected the following top priorities from the input of the group-

- Continue tiered interventions in reading and math. Provide ongoing professional development for professional and supporting services staff members.
- Increase the number of general education teachers, special education teachers, and paraeducators who are knowledgeable about teaching students with autism. Provide professional development to general education teachers, substitutes, and paraeducators who work with students with autism. Provide special education training for staff who cover unstructured time (lunchtime/recess) and extracurricular activities.
- Create inclusion specialist positions at all schools who will provide coaching for elementary and middle school articulation/transition teams. This will support the discussion of LRE and increase the number of students attending their home schools rather than a more restrictive environment in discrete self-contained classrooms.
- Provide funding for professional learning for teachers in de-escalation techniques which have been shown to significantly reduce suspension of students with disabilities in schools where it has been used.

During the process of budget development, the committee's recommendations are considered as strategic program enhancements and incorporated into professional learning plans. The method by which recommendations are implemented is dependent on the types of priorities generated by the committee. Several initiatives were considered for the development of the FY 2024 budget. Funding to address PL goals is provided through MSDE grant funds.

In January 2023, the committee received an update on the FY 2024 budget process and a review of the special education budget that is included in the Superintendent's FY 2024 Recommended Operating Budget. The FY 2024 Special Education Staffing Plan is available on the MCPS website.

The special education staffing plan process is aligned closely with the MCPS operating budget process, with ongoing public input and community involvement. Input received from SESPC was considered during the budget planning and development processes for the FY 2024 Special Education Staffing Plan. In addition, oral and written testimonies received through the Board's budget hearings are considered as final changes are made to the FY 2024 Superintendent's Recommended Operating Budget.

## Professional Learning (PL)

The delivery of specialized instruction is an integral part of the MCPS systemic school improvement planning process. Teams that make decisions about special education services are aware of their responsibility to consider each student's needs and the supports and services necessary to provide the student with access to, and participation in, the MCPS curriculum in the LRE.

A key element in the provision of FAPE for students with disabilities is the availability of skilled personnel to implement each student's IEP. Through the collaborative efforts of DSES and the Office of Curriculum and Instructional Programs (OCIP), special education staff members who deliver the general education curriculum to students with disabilities participate in required, voluntary, and school-specific PL activities, including webinars, that ensure the delivery of effective instructional best practices.

PL activities are aligned with the other system initiatives that focus on the provision of special education services within home or consortia schools. OSE, OCIP, and Office of School Support and Well-Being (OSSWB) continue to collaborate to ensure that students with disabilities gain access to the general education curriculum at all school levels. General and special education teachers (SETs) participate in PLOs based on best practices associated with Specially Designed Instruction (SDI), collaborative planning, differentiated instruction, and the use of technology. Furthermore, PL is provided to support the instruction of students with autism spectrum disorders (ASD) in the LRE. As technology supports have evolved for our students with vision, hearing, and communication challenges, training is provided to enhance the support for this group of students. Staff members will have multiple opportunities during the 2023-2024 school year to build their capacity in this
area. The PLOs focus on building the skills staff members need to support students with unique learning styles in accessing the curriculum. To support further skill development, PL also will be provided in the areas needed to support prekindergarten (pre-K) services, social-emotional needs of students, and transition services.

First-year SETs PL is offered monthly. In addition, elementary and secondary SET leaders are provided with regularly scheduled PLOS and job-embedded coaching. A comprehensive list of the PD plan is available (Attachments F and G).

Central services staff members work collaboratively with various offices to develop and facilitate PLOs and ongoing job-embedded coaching, technical assistance, and consultation to both general and special education staff members in pre-K to school-age services as follows:

- MCPS will implement an interdepartmental collaboration to provide all educators with the knowledge and skills needed to deliver a highly effective instructional program and to provide all students with an equitable and supportive learning environment.
- Central office staff members will work closely with the Division of Early Childhood, Title I Programs, and Recovery Funds and OCIP to provide PL on Maryland's Early Childhood Comprehensive Assessment System, including the Kindergarten Readiness Assessment and the Early Learning Assessment, MCPS pre-K curriculum, collaboration and coteaching strategies, and the Maryland Pyramid Model to address social and emotional learning. Additionally, pre-K teachers will have opportunities to build their capacity to develop standards-based high-quality IEPs, de-escalate challenging behaviors, differentiate their instruction, and build their skills to coteachin the inclusive setting.
- Central office staff members will provide PL on:
- recognizing the characteristics of and differentiating instruction for twice exceptional elementary and secondary students
- reading and mathematics interventions
- job-embedded coaching and support of evidenced-based reading and mathematics interventions and strategies
- instructional practices and strategies to ensure student access to the curriculum and increase the performance of students with disabilities on assessments to narrow the achievement gap
- positive behavioral management training through the Crisis Prevention Institute
- Functional Behavioral Assessment and Behavioral Intervention Plan development to support students in the development of positive and appropriate learning behaviors; as well as behavioral management strategies for students receiving services in the Home School Model (HSM) inclusive classroom

The majority of students with disabilities are served with their peers in the general education classroom. In addition to general education and SETs, related service providers, and paraeducators, students with disabilities receive support from school counselors, school psychologists, and administrators. To ensure the provision of FAPE for all students in FY 2023, 10,116 full-time equivalent (FTE) positions were budgeted for general education teachers, 562 FTE positions were budgeted for counselors, 117.534 FTE positions were budgeted for school psychologists, and 585 FTE positions were budgeted for building administrators. The provision of staffing will be maintained in FY 2024 and adjusted in accordance with changes in the student population.

## Evaluation of Staffing Plan for Effectiveness

MSDE has established LRE targets for LSSs that require students with disabilities to receive special education and related services in a general education setting or a combined general education and special education setting. The current MSDE targets are to increase LRE-A (in general education greater than 80 percent of the day) and decrease LRE-C (removed from general education greater than 40 percent of the day-i.e., self-contained classrooms). It is assumed that as the number of students in LRE-C decreases, students will transition into more inclusive environments. The LRE targets, which are closely monitored by MSDE, will ensure that established standards are met, and hold schools and LSSs accountable forstudent performance.

According to the October 1, 2021, census data report from MSDE, 67.29 percent of students with disabilities were served in the general education environment, LRE-A, and 15.55 percent of students with disabilities were served in LRE-C. MCPS did not meet the MSDE target of 71.00 percent of students with disabilities served in LRE A, nor the MSDE target of 11.75 percent for students with disabilities served in LRE-C.

The MSDE monitoring priority area is to provide FAPE in the LRE. Measurable and rigorous targets are established. The MCPS LRE performance data and MSDE targets from October 2018, through October 2021, are indicated in the chart below:

## Percentage of MCPS Students with Disabilities by LRE

| Inclusion <br> Indicator | October <br> 2018 | October <br> 2019 | October <br> 2020 | October <br> 2021 |
| :---: | :---: | :---: | :---: | :---: |
| MCPS LRE-A | $67.45 \%$ | $67.32 \%$ | $67.11 \%$ | $67.29 \%$ |
| MSDE Target for <br> LRE-A | $70.90 \%$ | $70.90 \%$ | $70.71 \%$ | $71.00 \%$ |
| MCPS LRE-C | $14.02 \%$ | $14.04 \%$ | $14.56 \%$ | $15.55 \%$ |
| MSDE Target for <br> LRE-C | $10.76 \%$ | $10.76 \%$ | $12.00 \%$ | $11.75 \%$ |

We continue to focus on inclusive practices for all students with disabilities through PLOs, the use of technology, and continuing to add elementary school special education services to the HSM.

With the monitoring and data collection on LRE targets and student performance, critical staffing data and staffing program changes are used to evaluate the effectiveness of our staffing plan. Critical staffing is allocated as additional staffing over the program-staffing ratio.

Critical staffing paraeducators support individual students in the inclusive setting or individualized LRE settings and are allocated based on student need as indicated by the IEP. The role of this staffing is to provide the high level of support needed for some students in the LRE. In FY 2022, there were more than 100 additional critical staffing paraeducator positions added to meet the individual needs of students. There has been steady annual growth of critical staffing allocations in either number of positions or total hours of support allocated or both. This ongoing increase in critical staffing allocations responds to the essential needs of students as they move from more restrictive settings into the LRE.

In FY 2023, we are continuing to maintain a high level of accuracy in staffing projections. Greater accuracy in the projection of staffing is the result of process improvements used to develop the special education budget. This includes accurate enrollment projections and increased transparency through the active participation of the central office special education staff members in the budget development process. The data collected on staffing changes after the initial allocation has been steadily improving. In FY 2024, these successful staffing processes will continue to be implemented and monitored.

OSE oversees the process of staffing allocations, changes, and budget. The staffing plan is reevaluated annually during the summer after receiving input from the SESPC and other key stakeholders; however, staffing is monitored throughout the school year. In the event that student enrollment does not justify the allocated staffing, the staff member is reassigned to an area of need. Whenever possible, reassignment of the staff member is to a similar classroom. It is not the practice of MCPS to move students to accommodate for staffing concerns.

We are consistently making upgrades to monitoring methods to provide for the most accurate and timely data. MCPS has moved to a single-data system platform using Performance Matters. We have flagged key identifiers as special education program codes. Supervisors and schools analyze special education programs as they relate to our accountability system-Evidence of Learning Outcomes. Student data is another measure that is considered in the ongoing review of our staffing models and understanding the patterns of staffing needs in supporting students. Data obtained from critical staffing patterns also provides valuable insight into the staffing needs of supporting students in the LRE. It is through these review processes that OSE ensures the staffing models are aligned with the MCPS strategic priorities and the needs of our students receiving special education services.

MCPS uses multiple tools to refine and upgrade how staffing is implemented to improve student outcomes. Evaluation of staffing is an ongoing focus as there is a direct correlation between appropriate student support for access to LRE, rigorous and high-quality instruction, and student performance. Staffing is dispersed throughout the school year to meet changes in enrollment and provide additional support as needed through the allocation of building staffing and critical staffing support. Staffing changes also are made after careful consideration has been given by the staffing team as a result of building administrator requests. These staffing requests and changes are usually the result of changes in student enrollment or to meet specific needs of students and programs.

## Special Education Facilities and Staffing Patterns

According to the October 2022 unofficial Child Count data submitted to MSDE for the Maryland Special Education Census Data, 21,352 MCPS students, ages 3 to 21, received special education services. This number included students receiving the Extended Individualized Family Services Plan option.

Of those students, 371 received services in a public separate special education day school, and 561 students received services in a nonpublic special education school. This data has not yet been verified by MSDE.

Participation in the LRE requires access to general education classrooms. DSES, DBFIS, the Department of Transportation, DFM, and OSSWB are engaged in long-range planning to provide increased options for students with disabilities to access the general education environment throughout the system. The distribution of cluster and countywide services is based on the assumption that all students will be educated in their home school or home school cluster, if possible. For example, programs for high incidence disabilities, such as learning disabilities, are available in all elementary schools and at all secondary levels. In contrast, highly specialized programs for students who are Deaf/Hard of Hearing (D/HOH) are provided on a countywide basis in centralized locations. However, many students who need D/HOH support can be served in their home school. A benefit of being such a large school system is the ability to serve students with special needs in multiple environments and in diverse discrete programs designed to focus on the students' strengths while meeting individual needs.

Special education students may be served by the general education teacher or a coteaching team (a general education teacher and/or a SET or paraeducator) in the inclusive-school environment. The general education teacher, SET, related service providers, and paraeducators are responsible for supporting their assigned students. The general education teacher, in collaboration with the special educator, related service providers, and paraeducator, is responsible for implementing the IEP and ensuring that students with disabilities receive their supplementary aids, services, and accommodations during instruction and assessment, as applicable.

In collaboration with the special educator, the general educator reports on progress, implements and discusses strategies, supports IEP development, and is a member of the IEP team. Teachers and service providers are provided with adequate planning time and time for parent/guardian meetings and communication as specified by the teacher contact. Information also has been disseminated across the county to support administration in designing schedules that provide for common planning time for coteaching teams whenever possible.

LAD and Resource models consider each school's total number of students with IEPs, the total number of instructional IEP hours needed within the school, the number of grade levels being taught, the number of IEP hours a special educator is responsible for each week, and a minimum-base teacher allocation. This staffing model is implemented in the HSM and LAD/Resource model but does not incorporate staffing for discrete program services such as School Community-based (SCB) program, Learning for Independence (LFI), Autism, Extensions, and Social Emotional Special Education Services (SESES). Since the implementation of the elementary HSM, the number of elementary schools providing this staffing model has increased. Prior to FY 2017, there were 68 elementary schools offering HSM services. In FY 2024, all elementary schools will have transitioned to HSM. The purpose of this transition to HSM is to provide increased access for students to special education services and inclusive opportunities within their neighborhood school. Data indicates that continuing our efforts to increase the number of elementary schools with the HSM model benefits students.

The LAD/Resource model implemented in all MCPS middle schools allows for more flexible programming options, including coteaching.

In addition, this staffing model ensures that students with disabilities have access to a continuum of services, including consultation, resource support, cotaught classes, and self-contained classes in their home or consortia schools without having to be placed into more restrictive centralized services.

Trends related to the identification, evaluation, and placement of students with disabilities have contributed significantly to decisions regarding the location of a variety of programs and services. The goal of OSE is to increase the percentage of students receiving special education services in their home school or cluster. The following special education services are available in MCPS:

- Special education services are offered in all comprehensive schools, kindergarten(K)-12.
- Starting in FY 2024, all 136 elementary schools will provide HSM services. A continuing goal is to provide equitable staffing in the schools implementing this approach. The LAD/Resource model is used in middle schools and provides sufficient staffing to support
all students. LAD services are offered in each high school.
- Autism Resource Services are based in selected comprehensive middle and high school buildings. Students served by this model have a diagnosis of an ASD. These students are accessing the general education curriculum with supplementary aids, services, and accommodations as recommended on their IEPs. Students have documented social and emotional needs that significantly interfere with their ability to participate in other educational environments despite a variety of special and individualized supports. Students are included for academic classes in the general education environment with their appropriate supplementary aids, services, and accommodations.
- Instruction to students with autism at Darnestown Elementary Learning Center (LC) continues to be provided in alignment with evidence-based practices that have proven to be highly effective for students with autism.
- Special education services are cluster-based for students in need of an elementary LC, LFI, or SCB class.
- Special education services are available regionally for students with disabilities through the Preschool Education Program (PEP), pre-K language classes, classes for students with ASD, the Extensions Program, cluster-based SESES for students in K-12, Gifted and Talented/Learning Disabled Services (GT/LD), and Longview and Stephen Knolls schools.
- Countywide special education service models are available for students in the following areas: D/HOH Program, pre-K Vision Services, Physical Disabilities classes, Augmentative and Alternative Communication classes, the Carl Sandburg LC, John L. Gildner Regional Institute for Children and Adolescents (RICA), and Rock Terrace School.
- At Colonel Zadok Magruder High School, a specially designed SESES cluster model continues to address the instructional and mental health needs of students with emotional disabilities. All SESES services for elementary and middle schools are staffed based on a teacher station model. In FY 2020, a social worker was assigned to each SESES school site to promote additional social emotional support for students. In FY 2023, an additional site was added at Jones Lane Elementary School to address increased enrollment.
- Extensions services are provided at the elementary, middle, and high school levels. The number of schools offering these services has expanded over time. These services are provided for students with significant cognitive difficulties and complex emotional and behavioral needs.
- Since FY 2020, the SESES program has continued its partnership with The Foundations School to provide professional learning, with a focus on the collection of behavioral data to guide the delivery of specially designed instruction, focusing on the improvement of behavioral plans, the delivery of services, and the monitoring of student progress. In FY 2024, the SESES program will continue to partner with The Foundations School for support.

Special education classes and program locations are identified in the MCPS Educational Facilities $F Y$ 2023 Master Plan and the Amendments to the FY 2023-2028 Capital Improvements Program published annually in June. However, as enrollment projections and program needs are refined during the year, the location of some classes and programs may change.

MCPS is committed to increasing inclusive opportunities for pre-K students with disabilities. The Division of Prekindergarten, Special Programs and Related Services (DPSPRS), and the Division of Early Childhood and Title I Programs, and Recovery Funds continue to collaborate to provide services for students with disabilities in regular early childhood settings. The Division of Long-range Planning and OSSWB also are involved in this process, due to the impact on elementary facilities. The goal is to place general and special education pre-K classes where general and special educators will use coteaching and collaborative planning strategies to provide instruction to pre-K students with and without disabilities. The collaborative teaching model is located in 17 MCPS elementary schools, and the work continues to create additional inclusive opportunities while fostering community partnerships. In FY 2019, MCPS opened the MacDonald Knolls Early Childhood Center, introducing a new pre-K inclusive model that provides special education pre-K services to students with disabilities in full-day general education classes. An early childhood SET is the primary provider for services, coteaching in the general education classroom, and providing services outside of the regular early childhood setting only as deemed necessary by an IEP team. General educators and paraeducators also may provide specialized instruction. Due to the success of the new model, a second early childhood center, the Upcounty Early Childhood Center, opened in FY 2020. The inclusive pre-K model also was expanded to an additional five elementary schools, three additional locations were added in FY 2021, and three more schools became inclusive pre-K sites in FY 2022.

DPSPRS also increased the number of classes that enroll nondisabled community peers with a focus on classes for the youngest pre-K students with IEPs. In FY 2023, there were 54 classes where students with disabilities were learning alongside typically-developing peers from the community. These classes will continueto be a focus for FY 2024.

## Ongoing Review and Adjustments to Staffing

The process of allocating staff members for the following school year begins with reviews of student enrollment as reported in the MOIEP data system from September through December of the preceding year. These reviews identify any unanticipated special education enrollment trends in schools that may require adjustments to current or future staffing. The January enrollment report is used to generate lists of pre-K, Grade 5, and Grade 8 students who will articulate to elementary, middle, and high schools the following year. This process enables central office special education staff members to identify the school the student will most likely attend and add the student to that school's projected enrollment. This information is used to develop initial staffing allocations for individual schools beginning in mid-January. Based on historical trends, the current state of staffing and student articulation information preliminary staffing allocations are made in conjunction with the OSSWB area associate superintendents in early spring.

Reports from MOIEP are used to confirm services recommended for the coming year. Central office special education staff members review the MOIEP data system, visit schools, and consult with service providers, program staff members, and OSSWB area associate superintendents and directors to ensure that the information is accurate before any adjustments to preliminary staffing allocations are made.

When a school makes a request for additional staffing, the central office special education staff members consult with school staff members and OSSWB to ensure that current staff members are being effectively used to address students' services on IEPs. As appropriate, requests for additional staffing are sent to central services special education leadership. When necessary, recommendations for staffing changes may be submitted and are reviewed by OSSWB, DSES, and DBFIS with OSE associate superintendent.

Every effort is made to allocate staffing to meet anticipated needs for the upcoming school year. In addition, staffing issues arise throughout the year due to many factors, including student mobility, changing needs, student change of program placement, and individual class makeup. Another factor that could affect staffing is the result of a due process hearing decision that requires additional support. There were no permanent building staffing changes resulting from due process hearing decisions in FY 2022. If concerns arise, staff members or parents/guardians may make requests for additional staffing or for a staffing review. Principals submit requests for additional staffing through the defined process. The central office staff member assigned to the program or cluster completes a staffing request form in collaboration with the school administrator. In FY 2023, 62 schools requested additional permanent staffing. The special education staffing review team, composed of DSES and DBFIS directors and central office special education staff members, reviews all requests to determine the appropriate recommendations.

The Office of Human Resources and Development uses vacancy reports to monitor staffing needs and continuously works to hire qualified staff members. Despite efforts to ensure that all positions are filled, vacancies do occur due to an emergency, medical leave, child-care leave, or a lack of qualified personnel. In most cases, staff members have enough advanced time to plan for coverage using substitute personnel, temporary part-time staff members, contract providers, or redistribution of existing staff members. Parents/guardians are notified by letter if such a vacancy causes a temporary lapse in the delivery of special education services. If missed services cannot be made up, an IEP team considers whether compensatory services are required for individual students that have been impacted by the vacancy of a teacher or service provider.

## Maintenance of Effort

Each year, to receive IDEA funding, MCPS must submit forms to demonstrate MOE eligibility. MOE eligibility is achieved when budgeted expenditures for the upcoming FY (column E) equal or exceed the actual expenditures of the preceding FY for which actual expenditures are available (column C). The MOE compliance is achieved when the actual total expenditures for the grant year (column C) equal or exceed the actual expenditures of the preceding year (column B).

The following table shows the MOE for special education from FY 2021 to FY 2024, including transportation and fixed charges.

Services are designed for elementary students who need a highly structured setting, small student-to-teacher ratio, and access to the MCPS general education curriculum or ALOs aligned with the curriculum. Modification of curriculum materials and instructional strategies, based on student needs, is the basis of all instruction. Emphasis is placed on the development of language, academic, and social skills provided through a trans-disciplinary model of service delivery in which all staff members implement the recommendations of related service providers. Special emphasis is placed on meeting the sensory and motor needs of students in their classroom setting. FISCAL YEAR 2024 PROJECTED SPECIAL EDUCATION ENROLLMENT，SERVICES and POSITIONS
June 2023

＊Reflects a supervisor position under the IDEA Grant that supports the work of the Office of the Student and Family Support and Engagement

| FY 2022 Recommendations for Maintenance * | FY 2023 Recommendations for Maintenance * | FY 2024 Recommendations for Maintenance * |
| :---: | :---: | :---: |
| Description in Priority Order | Description in Priority Order | Description in Priority Order |
| Continue to provide PL for paraeducators to elevate their ability to support all students. | Maintain the ongoing training for special education staff members on tiered interventions. Expand training to additional general education staff members who can address early intervention for students using a tiered approach. | Continue tiered interventions in reading and math. Provide ongoing PD for professional and supporting services staff members. |
| Provide PL for general education staff members and follow up coaching on de-escalation strategies and behavior management strategies to result in opportunities for more students with disabilities to be served in the LRE. | Maintain the current staffing allocations and structures that provide MCPS programs and services for students with social emotional and behavioral needs in order to provide a multidisciplinary team approach to meet students' needs. Continue to expand these supports to students through the addition of social worker and psychologist positions. | Increase the number of general education teachers, SETs and paraeducators who are knowledgeable about teaching students with autism. Provide PD to general education teachers, substitutes, and paraeducators who work with students with autism. Provide special education training for staff members who cover unstructured time (lunchtime/recess) and extracurricular activities. |
| Continue to implement OG intervention in Grades K-2. | Expand mainstreaming opportunities for students in self-contained programs. Consider reviewing and expanding HSM support at schools that host self-contained programs (could be paraeducator support). | Create inclusion specialist positions at all schools who will provide coaching for elementary and middle school articulation/transition teams. This will support the discussion of LRE and increase the number of students attending their home schools rather than a more restrictive environment in discrete self-contained classrooms. |
| Provide PL to build the capacity of schools to increase the access for inclusive opportunities for students being served in discrete programs. | Continue de-escalation training and create additional training opportunities with the focus on initiating de-escalation strategies as a proactive approach prior to student dysregulation. | Provide funding for PL for teachers in deescalation techniques which have been shown to significantly reduce suspension of students with disabilities in schools where it has been used. |

* Due to the challenging economic situation, the discussions of the staffing plan committee focused on critical areas of special education programming. The committee expressed a desire that the level of service in identified areas be maintained. This budget reflects the preservation and maintenance of those items.
