**CAREER AND COLLEGE**

Upper Grade Program Options for Students Entering Grades 10–12 .............................. 24
**INTRODUCTION**

THE INFORMATION IN THIS BOOKLET IS DESIGNED TO HELP STUDENTS AND THEIR FAMILIES learn about the various programs that are available in Montgomery County Public Schools (MCPS) at the elementary, middle, and high school levels. Each program is designed to provide enriched learning opportunities based on student interest and motivation. This booklet may be used as a reference to better understand a student’s educational options. However, this booklet does not refer to every special program in the county. In addition to the programs described in this booklet, individual schools may offer special programs open only to those students who reside within the school boundaries.

**Navigating the Options**

**GET READY**

Questions to ask yourself before reading this booklet...

- What is the best learning environment for my child?
- What are my child’s interests and educational needs?
- How does programming at our local school meet my child’s needs and interests?
- Will I be able to arrange transportation for my child to and from a central stop if necessary?

**GET SET**

As you read this booklet...

- Do any of the programs seem to be a good match for my child’s needs and interests?
- How might commuting to a school outside my neighborhood affect our family routines?
- Will transportation be provided for this program?

**GO!**

After you have read this booklet...

- Have I investigated the options available to my child at our local school?
- Is a program a good match for my child’s interests and needs?
- Do I know whom to contact with questions and for application materials?
- Have I discussed the various options with my child prior to beginning the application or Choice process?
- Have I considered transportation arrangements and a back-up plan?

**MCPS Bus Transportation**

According to MCPS Regulation EEA-RA, *Student Transportation*, Section II.B.2, “Centralized bus service, defined as transportation from a central location such as a neighborhood elementary school, to the program site, may be provided to students attending specific programs as identified in the MCPS Options (Guide to Countywide Programs) booklet, in accordance with Board action, attendance areas, transportation services, and funding levels. Parents/guardians are responsible for students’ transportation to and from centralized bus stops, whether or not there is an appropriate walking route.” It is important to carefully consider transportation options and responsibilities.”

Throughout this booklet, you will see a bus icon (left): Please read the information next to that icon to learn about transportation for each specific program. If no icon is present, then there are no special transportation options for that particular program, and so the transportation regulations for “regular education” apply.

**For More Information** about transportation regulations, please visit the transportation website www.montgomeryschoolsmd.org/departments/transportation/ or call 301-840-8130.
World Languages Immersion, Grades K-5

For more information - 240-740-4005

In **partial immersion** programs, approximately one half of the day is spent learning subjects such as science and math in the immersion language.

In **full immersion** programs, all of the core subjects are taught in the immersion language. The world language is not taught explicitly, but used as the language of instruction so that students learn the language while learning the content of the curriculum.

**Chinese Immersion**

**Potomac Elementary School** (partial immersion)
Continued at Herbert Hoover Middle School
Local program

**Bayard Rustin Elementary School** (partial immersion)
Continued at Heritage Hoover Middle School
Countywide program

**French Immersion**

**Maryvale Elementary School** (full immersion)
Continued at Gaithersburg Middle School
Available to students living in the following high school clusters: Blake, Churchill, Damascus, Gaithersburg, Magruder, Richard Montgomery, Northwest, Paint Branch, Poolesville, Quince Orchard, Rockville, Seneca Valley, Sherwood, Springbrook, Watkins Mill, Wheaton, Wootton

**Sligo Creek Elementary School** (full immersion)
Continued at Silver Spring International Middle School
Available to students living in the following high school clusters: Blair, Blake, Bethesda Chevy-Chase, Einstein, Walter Johnson, Kennedy, Northwood, Paint Branch, Springbrook, Whitman

**Spanish Immersion**

**Burnt Mills Elementary School** (full immersion)
Continued at Silver Spring International Middle School

**William Tyler Page Elementary School** (full immersion)
Continued at Silver Spring International Middle School

**Rock Creek Forest Elementary School** (full immersion)
Continued at Westland Middle School
Countywide program

To visit each school’s website, visit: www.montgomeryschoolsmd.org/schools/ and select the “Schools” link on the left side of the page.

Elementary School Special Programs

- Center for Enriched Studies
- Language Immersion Program

Center for Enriched Studies*, Grades 4+5
For more information - 240-740-3110

*Schools are offering the program locally – Piney Branch, Stonegate, Rachel Carson and Spark Matsunaga

Each center draws from a defined set of high school clusters and are located at the following elementary schools:

**Lucy Barnsley Elementary School**
Richard Montgomery, Rockville, and Wheaton high school clusters.

**Chevy Chase Elementary School**
Bethesda-Chevy Chase, Walter Johnson, and Whitman high school clusters.

**Clearspring Elementary School**
Clarksburg and Damascus high school clusters.

**Cold Spring Elementary School**
Churchill and Wootton high school clusters.

**Dr. Charles R. Drew Elementary School**
Blake, Paint Branch, Sherwood, and Springbrook high school clusters.

**Fox Chapel Elementary School**
Northwest, Poolesville, Quince Orchard, and Seneca Valley high school clusters.

**Mill Creek Towne Elementary School**
Magruder, Gaithersburg, and Watkins Mill high school clusters.

**Pine Crest Elementary School/Oak View Elementary School**
Blair, Einstein, Kennedy, and Northwood high school clusters.

ALL ELEMENTARY SCHOOLS have a variety of instructional and enrichment programs to meet the needs of students, including those who demonstrate high interest, motivation, and/or level of achievement in a particular area of study. At every grade level, all students should have opportunities to enrich and extend their learning, study and explore areas of interest, and collaborate with peers on challenging and rigorous tasks.

Contact Your Local School
To find out more about what your local elementary school offers, contact the school directly and/or visit the school’s website by searching for the school’s name on the MCPS home page or going to www.montgomeryschoolsmd.org/schools/ and selecting List of Schools at the top of the page. Each school uses a variety of instructional programming models to meet the needs of its students.

At every grade level, all students have opportunities to...

• Deepen and enrich their understanding of on-grade-level material
• Extend and enrich their understanding of above-grade-level materials
• Study and explore areas of interest
• Collaborate with peers on challenging and rigorous tasks

When a student demonstrates interest, motivation, or level of achievement in a particular area of study, all elementary schools have a variety of instructional and enrichment programs to meet those needs. Some examples are...

• Science Fairs
• Destination Imagination
• Geography Bee
• Math Olympiad
• Schoolwide Enrichment Program
• International Baccalaureate Primary Years Program
• Arts Integration Model
• The William and Mary Language Arts Units for High Ability Learners, Grades 2–5
• The Junior Great Books Program, Grades K–5
• Access to enrichment and extension tasks in mathematics
• Enriched Literacy
Elementary School World Language Immersion Programs

Enrollment Requirements

Burnt Mills Elementary School (Spanish)
Serves students who attend Burnt Mills Elementary School, followed by the students from the other elementary schools that feed into Francis Scott Key Middle School. Open to all other students, based on space availability.

Bayard Rustin Elementary School (Chinese—Partial)
Serves students from all high school clusters.

Maryvale Elementary School (French)

William T. Page Elementary School (Spanish)
Serves students who attend William T. Page Elementary School. Open to students from other clusters, based on space availability.

Potomac Elementary School (Chinese—Partial)
Serves students who attend Potomac Elementary School. Open to students from all high school clusters, based on space availability.

Rock Creek Forest Elementary School (Spanish)
Serves students from all high school clusters.

Sligo Creek Elementary School (French)
Serves students in the following high school clusters: Blair, Blake*, Bethesda-Chevy Chase, Albert Einstein, Walter Johnson, Kennedy, Northwood, Paint Branch*, Springbrook*, and Walt Whitman.

*Immersion school based on student’s address.

THE WORLD LANGUAGES immersion programs begin in kindergarten and continue through Grade 5. Students in these programs learn the MCPS curriculum in one of three languages—Chinese, French, or Spanish.

Admission to the Program

Admission to the MCPS elementary school world languages immersion programs is limited. Selection is based on a lottery system for students in kindergarten and Grade 1. Such lottery shall include a weighting process that takes into consideration factors to include: (a) students who have an older sibling who is currently enrolled in a language immersion program and will continue to be enrolled in that language immersion program in the year the younger sibling seeks to enroll; (b) socio-economic status and poverty; and, (c) other factors as identified by the superintendent of schools, such as, in specific circumstances, a catchment area. Any child who has an older sibling who was enrolled in a language immersion program during the 2017–2018 school year and that an older sibling who will continue to be enrolled in the same language immersion program the year the younger sibling seeks to enroll, may enroll in the language immersion program without the necessity of participating in the lottery conducted for admission into that program, however; an immersion interest form must be submitted for the student. New students are admitted after Grade 1 provided space is available and students pass a placement test. Multiple-birth siblings requesting the same program will be treated as a single request. To participate in the immersion program, parents/guardians must complete and submit an interest for each child wanting to be considered for a seat. For information about the process, visit www.montgomeryschoolsmd.org/curriculum/specialprograms/admission/immersion.aspx, or call 240-740-2540.

Would you like your child to...

- Read books in French?
- Have discussions about current events in Spanish?
- Solve math problems in Chinese?
- Learn a second language while pursuing the MCPS curriculum?

Consider applying to one of the world languages immersion programs.

Language immersion is an educational approach in which students are taught the curriculum content through the medium of a second language. In this way, immersion students not only learn the content, but also gain knowledge of the language in which it is taught. In full-immersion programs, children learn their core subjects (reading, writing, mathematics, social studies, and science) in the second language. Partial-immersion programs are based on the same principle, but only a portion of the curriculum is taught in the second language. The main difference between an immersion setting and a world languages class is the approach to second-language learning. In an immersion program, language is a method for teaching the content rather than the subject of instruction.

To visit each school’s website, search the school’s name from the MCPS home page or visit www.montgomeryschoolsmd.org/schools/ and select List of Schools at the top of the page.

World Languages Instruction 240-740-4005
www.montgomeryschoolsmd.org/curriculum/specialprograms/admissions/immersion.aspx

MCPS provides transportation from central stops for some areas served by various elementary school language-immersion programs. Check with the program coordinator at your school for details on transportation services. Please refer to page 3 for more information regarding “central stops” transportation.

MCPS currently offers Two Way Immersion programs (Spanish-English) at five elementary schools (Brown Station, Kemp Mill, Oakland Terrace, Rolling Terrace, and Washington Grove). While individual schools’ models vary in scheduling, all programs follow a 50/50 model, indicating that 50% of instruction is delivered in each program language. The Two Way Immersion Programs are open to students enrolled at these schools, and are not included in the lottery for MCPS’s other World Language Immersion programs.
Elementary Center for Enriched Studies

The Elementary Center for Enriched Studies is for Grade 4 and Grade 5 students. The program, organized by high school cluster, is housed at the following elementary schools:

**Lucy V. Barnsley Elementary School**
Richard Montgomery, Rockville, and Wheaton high school clusters.

**Chevy Chase Elementary School**
Bethesda-Chevy Chase, Walter Johnson, and Walt Whitman high school clusters.

**Clearspring Elementary School**
Clarksburg and Damascus high school clusters.

**Cold Spring Elementary School**
Churchill and Wootton high school clusters.

**Dr. Charles R. Drew Elementary School**
Blake, Paint Branch, Sherwood, and Springbrook high school clusters.

**Fox Chapel Elementary School**
Northwest, Poolesville, Quince Orchard, and Seneca Valley high school clusters.

**Mill Creek Towne Elementary School**
Gaithersburg, Col. Zadok Magruder, and Watkins Mill high school clusters.

**Oak View Elementary School**
Blair, Albert Einstein, Kennedy, and Northwood high school clusters serving specifically East Silver Spring, Flora Singer, Forest Knolls, Highland View, Oak View, Rolling Terrace, Sligo Creek, Woodlin elementary schools.

**Pine Crest Elementary School**
Blair, Albert Einstein, Kennedy, and Northwood high school clusters serving specifically Arcola, Glen Haven, Glenallan, Oakland Terrace, Pine Crest, Rock View, Kemp Mill elementary schools.

The ELEMENTARY CENTER FOR ENRICHED STUDIES is a two-year program that begins in Grade 4. It is designed to meet the needs of highly gifted and motivated learners in mathematics, language arts, science, and social studies. The program is housed at select elementary schools. (See page 11 for the center program that serves your attendance area). The process begins in January, and current Grade 3 students may participate. Admission to the program is by a selection committee.

**Admission to the program**
All Grade 3 students will be centrally reviewed for enrichment and acceleration for Grade 4. Those who are identified in the central review will be evaluated (includes taking an above-grade level assessment). Additional criteria used as part of the evaluation include report card grades, test scores, brief student essay and student services (IEP, ESOL, 504 or FARMS).

This process begins in January with a parent/guardian information meeting and parents/guardians of Grade 3 students will receive information in early April regarding the results of the central review.

Each center serves a designated geographic area, based on the high school cluster in which you reside.

**Does your child like to…**
- Write poetry, plays, or stories to share with friends?
- Design science experiments and test them?
- Work cooperatively with friends on projects?

**Consider the Elementary Center for Enriched Studies.**

The program provides a learning environment that enriches, accelerates, and extends the MCPS curriculum. It is designed to meet the needs of highly gifted and motivated learners in language arts, mathematics, science, and social studies. The program focuses on critical-thinking, problem-solving, and communication skills.

For example, a student might—
- study a topic or concept from a multi-disciplinary perspective;
- research a historical event and communicate connections to current events;
- work cooperatively in small groups to generate solutions to real-world problems; or
- design and conduct research-based investigations and present findings.

Middle School Program Options

Montgomery County Public Schools - Division of Capital Planning - May 24, 2019

Middle School Magnet Programs

Roberto Clemente Middle School
Mathematics, Science, Computer Science Center Program
The following high school clusters may apply: Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Poolesville, Quince Orchard, Seneca Valley, Watkins Mill.

Eastern Middle School
Humanities and Communication Magnet Program

Martin Luther King Middle School
Humanities and Communication Center Program
The following high school clusters may apply: Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Poolesville, Quince Orchard, Seneca Valley, Watkins Mill.

Takoma Park Middle School
Mathematics, Science, Computer Science Magnet Program

Silver Spring International Middle School
French and Spanish Immersion Programs
Students who complete the the Sligo Creek ES, Burnt Mills ES, or William Tyler Page ES French or Spanish Immersion Programs may attend automatically. All others interested in participating may contact the school to learn if space is available, and passing a language assessment is contingent upon invitation.

Westland Middle School
Spanish Immersion Program
Students who complete the Rock Creek Forest ES Spanish Immersion Program may attend automatically. All others interested in participating may contact the school to learn if space is available, and passing a language assessment is contingent upon invitation.

See Page 17 for specific information.

ALL MIDDLE SCHOOLS have a variety of instructional and enrichment programs to meet the needs of students, including those who demonstrate high interest, motivation, and/or level of achievement in a particular area of study. At every grade level, all students should have opportunities to enrich and extend their learning, study and explore areas of interest, and collaborate with peers on challenging and rigorous tasks. To find out more about what your local middle school offers, contact the school directly.

Contact Your Local School
To find out more about what your local middle school offers, contact the school directly or visit their website by searching for the school’s name from the MCPS home page or going to www.montgomeryschoolsmd.org/schools/ and selecting List of Schools at the top of the page.

At every grade level, all students have opportunities to...
- Deepen and enrich their understanding of on-grade-level material,
- Extend and enrich their understanding of above-grade-level materials,
- Study and explore areas of interest, and
- Collaborate with peers on challenging and rigorous tasks

Some examples of enrichment programs offered by all middle schools are...
- Science fairs
- Middle School Science Inquiry Conference
- Destination Imagination
- Math Olympiad
- International Baccalaureate Middle Years Programme
- The William and Mary Language Arts Units for High Ability Learners, Grades 6–8
- The Junior Great Books Program, Grades 6–8
- Access to high school mathematics courses
- Gifted or advanced-level courses
- Access to high school courses
Middle School World Languages Immersion Programs

Middle School World Languages Partial Immersion Programs
The immersion programs are offered at the following four sites in the county:

- Gaithersburg MS: French
- Herbert Hoover MS: Chinese
- Silver Spring International MS: French and Spanish
- Westland MS: Spanish

World Languages Instruction
240-740-4005
www.montgomeryschoolsmd.org/curriculum/specialprograms/admissions/immersion.aspx/

THE WORLD LANGUAGES immersion programs begins with new students who are admitted after Grade 1, provided space is available and students pass a placement test. Please contact the programs individually to find out about the application process and deadlines.

Admission to the Program
Admission to the World Languages immersion programs is limited to incoming Grade 6 students who have completed a corresponding immersion program at the elementary level. Students who did not participate in the elementary program may test into immersion programs if there is space available. Contact the program to find out about the application process and deadlines.

Does your child have an interest in…
- Continuing to expand their knowledge of a second language?
- Reading and writing in Chinese?
- Discussing world events in French?
- Exploring Spanish culture?

For students coming from elementary French and Spanish immersion programs, a two-period block of instruction enables them to enhance their language development as well as complete the social studies courses in the same language. Students coming from elementary Chinese immersion programs will continue in a one-period language course before transitioning to the regular MCPS Chinese 2 course in Grade 7.

Consider continuing the immersion experience at one of the middle school world languages immersion programs.

- Potomac and Bayard Rustin Elementary Schools
- Hoover Middle School
- Maryvale Elementary School
- Gaithersburg Middle School
- William T. Page Elementary School
- Sligo Creek Elementary School
- Silver Spring International Middle School
- Rock Creek Forest Elementary School
- Westland Middle School
- Silver Spring International Middle School*

* DCC students have the option of attending SSI from RCF ES

To visit each school’s website, search the school’s name from the MCPS home page or visit www.montgomeryschoolsmd.org/schools/ and select List of Schools at the top of the page.

MCPS provides transportation from central stops for the middle school language immersion students at Gaithersburg MS and Silver Spring International MS from the areas that the programs serve. Please refer to page 3 for information regarding “central stops” transportation. Transportation is not provided for language immersion students at Herbert Hoover MS or Westland MS who live outside the local school boundary.
THE MATHEMATICS/SCIENCE/COMPUTER SCIENCE MAGNET PROGRAM provides unique and challenging learning opportunities in three areas of concentration: mathematics, science, and computer science. Students are encouraged to make connections among content areas through a problem-solving approach. Students have a variety of specialized academic experiences, such as working with scientists and mathematicians, participating in academic competitions, and writing computer programs. A parent/guardian meeting is held in the fall at a central location. Information is available online at www.montgomeryschoolsmd.org/curriculum/specialprograms/. School bus transportation to and from each middle school is provided from central locations throughout the county.

**Admission to the program**

All Grade 5 students will be part of a universal review for enrichment and acceleration for middle school programming either at their local school or magnet program. Those who are identified in the central review will be placed in a lottery pool and be guaranteed enriched instruction in middle school. A lottery will be run for the regional seats. Criteria used as part of the universal review include report card grades, test scores, brief student essay, and school interest (IEP, ESOL, 504 or FARMS). There is no parent/guardian application.

This process begins in December with a parent/guardian information meeting and parents/guardians of Grade 5 students will receive information in February regarding the results of the universal review and lottery.

Each center serves a designated geographic area, based on the high school cluster in which you reside.

**Does your child have…**

- A keen interest and ability in mathematics?
- Strong motivation in developing a deep understanding of how computers work and their applications?
- An in-depth interest in current events in science and in conducting scientific research?
- A positive attitude and a commitment to working collaboratively with peers?

**Consider the Mathematics, Science, Computer Science Magnet Program at either Takoma Park Middle School or Roberto W. Clemente Middle School.**

Beyond the accelerated mathematics, science, and computer science courses, students may work with scientists and mathematicians from government agencies, nearby universities, and local organizations. The program offers access to many academic competitions, such as the Continental Math League—Math and computer divisions, Montgomery County Area Science Fair, and American Computer Science League. Students also conduct scientific field work at area creeks and at the Smithsonian’s Naturalist Center. Throughout all of their specialized coursework, students work with an academic cohort to conduct independent inquiries using mathematics, computer science, and the scientific process to solve real-world problems.
THE HUMANITIES AND COMMUNICATION MAGNET PROGRAMS provide unique and challenging learning opportunities in three areas: writing, media production, and world studies. Students are encouraged to make connections among ideas, study selected topics in depth, and develop critical and creative thinking skills. Both programs offer a broad range of courses, including accelerated classes in science, math, and world languages and strong visual and performing arts classes. A parent/guardian meeting is held in the fall at both middle schools. School bus transportation to and from each middle school is provided from central locations throughout the county.

Admission to the program

All Grade 5 students will be part of a universal review for enrichment and acceleration for middle school programming either at their local school or magnet program. Those who are identified in the central review will be placed in a lottery pool and be guaranteed enriched instruction in middle school. A lottery will be run for the regional seats. Criteria used as part of the universal review include report card grades, test scores, brief student essay and student services (IEP, ESOL, 504 or FARMS). There is no parent/guardian application.

This process begins in December with a parent/guardian information meeting and parents/guardians of Grade 5 students will receive information in February regarding the results of the universal review and lottery.

Each center serves a designated geographic area, based on the high school cluster in which you reside.

Does your child have...

- A keen interest and ability in writing?
- Strong motivation in the humanities or artistic side of media production?
- An in-depth interest in history, geography, economics and current events?
- A positive attitude and a commitment to working collaboratively with peers?

Consider the Humanities and Communication Program at Dr. Martin Luther King, Jr. Middle School or at Eastern Middle School.

Students pursue intensive courses in writing and opportunities to be published and broadcast through television, radio, and film. Students create position papers, plays, brochures, magazine articles, and research papers. The program also offers hands-on opportunities to work as a member of a production team in the program's television studios. Students work in teams as performers, cinematographers, producers, directors, audio engineers, editors, and graphic artists. Students study the human experience through analysis of historical events, literature, and art. They also learn to document the human experience through written and visual media.

MCPS provides transportation from central stops for students in the Dr. Martin Luther King, Jr. MS and Eastern MS magnet programs from the areas that the programs serve. Please refer to page 3 for more information regarding "central stops" transportation.
Digital Design and Development

Argyle Middle School
2400 Bel Pre Road
Silver Spring, MD 20906
301-460-2400
www.montgomeryschoolsmd.org/schools/argylems/
www.montgomeryschoolsmd.org/schools/msmagnet/argyle/

DIGITAL DESIGN AND DEVELOPMENT provides students in Grades 6, 7, and 8 a challenging academic program focused on the development and application of information technology. Students learn to use technology tools to enhance the school experience. Students will be required to take a minimum of one technology course per year. Additionally, students will have the option to take technology electives that focus on programming, web development, media literacy, and digital media. The school environment is both collaborative and rigorous, using teamwork and competitions to support the coursework. Throughout the Argyle experience, students will gain knowledge to prepare them for success in high school and develop skills that are transferable to a work environment.

Admission to the program
Admission to the Argyle Middle School for Digital Design and Development is based on a lottery process. Students who live within the Argyle, Loiederman, and Parkland Consortium attendance area must participate in the Choice process in Grade 5. For Grade 5 students outside of the Consortium area, Choice forms are available at all MCPS elementary schools, online at www.montgomeryschoolsmd.org/schools/msmagnet/, or from the Division of Consortia Choice and Application Program Services, 301-592-2040.

Does your child like...

• Challenging courses in accelerated mathematics?
• Computers, video games, digital cameras, animation, programming, website design?
• Learning new information and solving problems using digital tools such as cameras, gaming software, and other computer-based strategies?
• Creating computer programs, websites, and digital art?
• Producing multimedia presentations?
• Using technology tools to express ideas?

Consider applying to Argyle Middle School.
Argyle Magnet School for Digital Design and Development offers students in Grades 6, 7, and 8 a rigorous academic program, focused on the development and application of information technology. Argyle students are engaged with technology tools in all classes throughout the day. All Grade 6 students take a year-long comprehensive technology course. All Grade 7 and 8 students will enroll in a minimum of one technology elective. Also, students may opt to take additional elective courses, specializing in web development, programming, digital art, or media literacy. Four of the Grade 8 technology electives will be high-school-level coursework. Argyle students will—

• explore a variety of technology tools;
• use technology tools to complete school assignments;
• experience the competitive environment of team problem solving; and
• work with peers to compete in state, national, and corporate technology problem-solving challenges.

In-Consortium students who live beyond the MCPS designated walking distance of their assigned school will be provided transportation from neighborhood bus stops. No transportation is provided for students living outside of the Consortium area.
Creative and Performing Arts

A. Mario Loiederman Middle School
12701 Goodhill Road
Silver Spring, MD 20906
301-929-2282
www.montgomeryschoolsmd.org/schools/loiedermanms/
www.montgomeryschoolsmd.org/schools/msmagnet/loiederman/

CREATIVE AND PERFORMING ARTS offers students in Grades 6, 7, and 8 a rigorous academic and fine arts program. Grade 6 students have the opportunity to take two electives, such as sixth grade chorus, beginning band, sixth grade band, Lights! Camera! Literacy!, and beginning dance. Our signature course for the sixth grade is called Perspectives, which consists of dance, theater, music, and art. The Perspectives course is a great opportunity to explore all art forms.

Admission to the program

Admission to A. Mario Loiederman Middle School for the Creative and Performing Arts is based on a lottery process. Students who live within the Argyle, Loiederman, and Parkland Consortium attendance area must participate in the Choice process in Grade 5. For Grade 5 students outside of the Consortium area, Choice forms will be available at all MCPS elementary schools, online at www.montgomeryschoolsmd.org/msmagnet/, or from the Division of Consortia Choice and Application Program Services, 301-592-2040.

Does your child like…

• Challenging courses in accelerated English, science, mathematics, social studies, and the arts?
• Singing, dancing, acting, speaking, reciting, or playing an instrument?
• Drawing, painting, or sculpting?
• Learning through movement?
• Discovering how the arts, history, and literature connect the human experience?
• Working behind the scenes at professional or student performances?
• Learning from teachers as artists and artists as teachers?
• Learning a foreign language while exploring the arts?

Consider applying to A. Mario Loiederman Middle School.

A. Mario Loiederman Middle School for the Creative and Performing Arts offers students in Grades 6, 7, and 8 a rigorous academic program, including accelerated mathematics and fine arts. All sixth grade students take a comprehensive arts course and, as seventh and eighth grade students, select from high-level fine arts electives in the areas of visual art, dance, film, theater, or music. Loiederman students have the unique opportunity to—

• explore a broad variety of art forms and develop specific talents and interests in the arts;
• experience the creative environment of a rigorous fine arts program,
• work with peers, artists, arts organizations, media outlets, and museums to produce live and multimedia performance; and
• perform in a variety of settings to develop and enhance artistry.

In-Consortium students who live beyond the MCPS designated walking distance of their assigned school will be provided transportation from neighborhood bus stops. Transportation is not provided for students living outside of the Consortium area.
Aerospace Technology

Parkland Middle School
4610 West Frankfort Drive
Rockville, MD 20853
301-438-5700
www.montgomeryschoolsmd.org/schools/parklandms/
www.montgomeryschoolsmd.org/schools/magnetms/parkland/

AEROSPACE TECHNOLOGY offers students in Grades 6, 7, and 8 a rigorous academic program with a focus in advanced and applied mathematics and science. All students take an interdisciplinary science and aerospace course each year with the goal of taking a high school science course in Grade 8.

Admission to the program

Admission to Parkland Middle School for Aerospace Technology is based on a lottery process. Students who live within the Argyle, Loiederman, and Parkland Consortium attendance area must participate in the Choice process in Grade 5. For Grade 5 students outside of the Consortium area, Choice forms will be available at all MCPS elementary schools, online at www.montgomeryschoolsmd.org/schools/msmagnet/ or from the Division of Consortia Choice and Application Program Services, 301-592-2040.

Does your child have an interest in…

• Robots, space exploration, satellites, and flight technology?
• Learning by experimenting with the latest technology and equipment?
• Sharing the experience of competition with students from other states?
• Inventing and explaining new ideas and technologies?
• Solving engineering problems using science knowledge and technology?

Consider applying to Parkland Middle School.

Parkland Middle School for Aerospace Technology offers students in Grades 6, 7, and 8 a rigorous academic program with a focus in advanced and applied mathematics and science. All Grade 6 and Grade 7 students take enriched middle school science and aerospace courses. Grade 8 students take either Honors Physics for high school credit or they are enrolled in Investigations in Earth Space Systems. In addition to the required courses, students may choose to take the following elective courses: Astronomy and Space Exploration, Research in Astronomy, Principles of Flight, Introduction to Robotic Systems, Applied Robotic Engineering, Applied Robotic Programming, and Introduction to Engineering Design. Parkland students have the unique opportunity to—

• explore technology solutions in aerospace, satellite, and robotic engineering;
• experience a rigorous scientific environment involving team problem solving and research; and
• work with peers to engage in discovering solutions to aerospace challenges.

In-Consortium students who live beyond the MCPS designated walking distance of their assigned school will be provided transportation from neighborhood bus stops. No transportation is provided for students living outside of the Consortium area.

ALL HIGH SCHOOLS have a variety of instructional and enrichment programs to meet the needs of students, including those who demonstrate high interest, motivation, and/or level of achievement in a particular area of study. At every grade level, all students should have opportunities to enrich and extend their learning, study and explore areas of interest, and collaborate with peers on challenging and rigorous tasks.

**Contact Your Local School**  
To find out more about what your local high school offers, contact the school directly, visit the school’s website by searching for the school’s name from the MCPS home page or going to www.montgomeryschoolsmd.org/schools/ and selecting List of Schools at the top of the page. Each school uses a variety of instructional programming models to meet the needs of its students.

**At every grade level, all students have opportunities to...**

- Deepen and enrich their understanding of on-grade-level material;
- Extend and enrich their understanding of above-grade-level materials through Honors, IB, and AP courses;
- Study and explore areas of interest; and
- Collaborate with peers on challenging and rigorous tasks.

**All high schools have a variety of instructional and enrichment programs to meet students’ needs. Here are some examples...**

- Science, mathematics, writing, and performing and visual arts competitions  
- Advanced Placement courses  
- Honors courses  
- International Baccalaureate (IB) Diploma Programme  
- Themed Academy and Signature programs  
- College partnerships  
- Internships  
- Career Readiness Programs of Study
**Choice Programs for Students Living in the Northeast Consortium**

The Northeast Consortium (NEC) is made up of three high schools: James Hubert Blake, Paint Branch, and Springbrook, five middle schools, and their feeder elementary schools. Each high school offers a unique Signature program. Signature programs are instructional programs developed around a central theme that appeal to students’ interests. Grade 8 students who live in the NEC participate in a lottery Choice process for assignment to an NEC high school. Grade 8 students who attend an NEC middle school but live outside the NEC may also participate in the lottery Choice process for assignment to an NEC high school.

For more information, visit www.montgomeryschoolsmd.org/schools/nec/.

**James Hubert Blake High School**

**Springbrook High School**
201 Valleybrook Drive
Silver Spring, MD 20904
240-740-3800
www.montgomeryschoolsmd.org/schools/springbrookhs/

Grade 8 students who live in or attend an NEC middle school participate in a lottery Choice process for assignment to an NEC high school.

For information, visit www.montgomeryschoolsmd.org/schools/nec/.

**Contact Your Local School**

To find out more about what your local high school offers, contact the school directly or visit each school’s website by searching for the school’s name from the MCPS home page or going to www.montgomeryschoolsmd.org/schools/ and selecting List of Schools at the top of the page. Each school uses a variety of instructional programming models to meet the needs of its students.

**Northeast Consortium students…**

- Attend one of three high schools: James Hubert Blake, Paint Branch, or Springbrook.
- Rank their preference of high school through the lottery Choice process.
- Participate in unique Signature programs and academies designed to connect their interests with rigorous academic programs in preparation for college and future careers.

**NEC high school Signature programs are as follows:**

- **Blake:** Fine Arts and Humanities
- **Paint Branch:** Science and Media
- **Springbrook**: IB World and Information Technology

* Regional IB Program at Springbrook HS is available to all students who reside in one of the following high school clusters: Magruder, NEC and Sherwood.

Visit the Signature programs link found on each school’s website for more details.

MCPS provides transportation to NEC students who live beyond walking distance of their assigned NEC school, as determined by MCPS. Central stop transportation is provided for Sherwood students who participate in the International Baccalaureate (IB) Program at Springbrook.

I see ME in ALL 3!
Choice Programs for Students Living in the Downcounty Consortium

The Downcounty Consortium (DCC) is made up of five high schools: Montgomery Blair, Albert Einstein, John F. Kennedy, Northwood, and Wheaton and nine middle schools and their feeder elementary schools. Each DCC high school offers a variety of academies to provide smaller learning communities and engage students through their interests. Grade 8 students who live in the DCC participate in a lottery Choice process for assignment to a DCC high school. Grade 8 students who attend a DCC middle school but reside outside the DCC are also eligible to participate in the lottery Choice process for assignment to a DCC high school.

- Finance, Accounting, Marketing & Education
- Health Professions
- Humanities, Arts, and Media
- Music, Theatre and Dance
- Politics, Advocacy, and Law
- Teacher Academy of Maryland
- Technology, Environmental, and Systems Sciences
- Montgomery College Middle College (MC2@N)

Wheaton:
- Bioscience
- Engineering
- Global Studies—Art, Music, Drama, and Humanities; Global Studies; World Languages
- Information Technology—Programming and Web Design, Information Resource Design

Visit the Academy programs link found on each school’s website for more details.

MCPS provides transportation to DCC residents who live beyond walking distance of their assigned DCC school, as determined by MCPS.
Did you know that Downcounty Consortium students...

- Attend one of five high schools: Montgomery Blair, Albert Einstein, John F. Kennedy, Northwood, or Wheaton?
- Rank their preference of high school through the lottery Choice process?
- Participate in unique academy programs designed to connect their interests with rigorous academic programs in preparation for college and future careers?

Grade 8 students who live in the DCC and interested Grade 8 students who attend a DCC middle school participate in a lottery Choice process for assignment to a DCC high school.

For more information, visit www.montgomeryschoolsmd.org/schools/downcounty/.

Application-only Programs within the Downcounty Consortium

- Communication Arts Program (CAP) at Blair HS is available to all students who reside in the DCC and/or attend a DCC middle school*.
- Visual Art Center (VAC) at Albert Einstein HS is available to all students who reside in Montgomery County.
- Leadership Training Institute (LTI) at Kennedy HS is available to students who reside in the DCC and/or attend a DCC middle school.
- The Engineering and Biomedical Program (PLTW) at Wheaton HS is available to all students who reside in the DCC and/or attend a DCC middle school.
- Science, Mathematics, Computer Science Magnet Program at Blair High School is available to students who reside in one of the following high school clusters: Bethesda-Chevy Chase, Churchill, the Downcounty Consortium, the Northeast Consortium, Walter Johnson, Richard Montgomery, Rockville, Sherwood, Walt Whitman, or Wootton.
- Regional IB Program at John F. Kennedy is available to all students who reside in one of the following high school clusters: BCC, Churchill, DCC, Walter Johnson, and Walt Whitman.

*The application process includes both a writing sample and a writing test.

For more information visit www.montgomeryschoolsmd.org/curriculum/specialprograms.

I can THRIVE at ALL 5!
Northwood, Kennedy, Wheaton may apply.
Northeast Consortium—Paint Branch, Springbrook, Blake, and DCC – Blair, Einstein, Johnson, Richard Montgomery, Rockville, Sherwood, Walt Whitman, Wootton

Clarksburg High School
Pathways in Technology
Network and Information Technology
Grade 8 students residing in the following high/school clusters Clarksburg, Damascus, Seneca Valley, and Watkins Mill can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.

Thomas Edison
High School of Technology
Technical and Career Education
Thomas Edison High School of Technology serves students from all MCPS high schools. Each year about 800 students take technical and career education courses for one half of each day at Thomas Edison and attend their regular high school the other half of the day. MCPS high school students are eligible to apply.
Phone: 240-740-2007

Gaithersburg High School
Project Lead the Way (PLTW) Biomedical Sciences
Grade 8 students residing in the following high school clusters: Clarksburg, Damascus, Gaithersburg, Magruder, and Sherwood can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.

Magruder High School
Aviation and Aerospace
Grade 8 students residing in the following high school clusters: Gaithersburg, Magruder, Rockville, Sherwood can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.

Northwest High School
Middle College
Grade 8 students residing in the following high school clusters: Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Poolesville, Quince Orchard, Seneca Valley, and Watkins Mill can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.
There are costs to parents for Middle College programs.

Northwood High School
Middle College
Grade 8 students residing in the following high school clusters Bethesda-Chevy Chase, Blair, Blake, Churchill, Einstein, Kennedy, Northwood, Paint Branch, Richard Montgomery, Rockville, Sherwood, Springbrook, Walter Johnson, Wheaton, Whitman and Woodson can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.

Rockville High School
IB CP Project Lead the Way (PLTW) BioScience and Engineering Programs, Code.org, and Hospitality Management
Grade 8 students residing in the following high school clusters: Magruder, Richard Montgomery, Rockville, Sherwood, NEC and DCC, can apply in the fall of Grade 8 for enrollment beginning in Grade 9. Students can only enter in Grade 9.

Seneca Valley High School
Grade 8 students residing in Clarksburg, Damascus, Gaithersburg, Northwest, Poolesville, Quince Orchard, Seneca Valley, Watkins Mill and Magruder Clusters may apply.

Wheaton/Edison High Schools

There are some costs to parents for Early College programs.

Early College, Associate Degree Programs offered at each Montgomery College campus as follows:

Business, Secondary Math (Teaching), and Science degrees @Rockville Campus;
Computer Science, and Cybersecurity degrees @Germantown Campus;
Life Science, and Nursing degrees @Takoma Park/Silver Spring Campus.

Grade 10 students residing in the county can apply in the fall of Grade 10 for enrollment beginning summer before Grade 11. Students can only enter in Grade 11. Transportation is the responsibility of the student/family.

There are some costs to some parents for Early College programs.

www.montgomeryschoolsmd.org/curriculum/specialprograms
FALL 2020

MCPS High School Regional/Countywide Application Programs At-A-Glance

In addition to the various academic programs in the local schools, Grade 8* students who live in Montgomery County may be eligible to apply to MCPS High School Regional/Countywide Application Programs (criteria-based/selective and interest based/lottery). For more information, visit the MCPS regional/countywide high school application programs website (below). Application season is expected to open in early October with the expected deadline of November 6, 2020.

*Grades 8-11 students may apply to the Visual Art Center.
**This document will be updated on a regular basis please check back often

Parent information meetings details will be shared by mid-September.
All meetings (virtual) can be found at the high school’s website and will begin at 6:00 P.M. unless otherwise noted.

For Grades 9, 10 and 11 Students—Fall 2020

MCPS High School Regional/Countywide Application Programs At-A-Glance

In addition to the various academic programs in the local schools, Grades 9, 10 and 11 students who live in Montgomery County may be eligible to apply to MCPS High School Regional/Countywide Application Programs. These options are for students beginning in 2021–2022. For more information, visit the MCPS regional/countywide high school application programs website (below). Application season is expected to open in early October with a deadline of November 6, 2020. Transportation will be provided from the students home school. Please note that school assignments for part-time programs may be subject to change based on enrollment and staffing.

**Grades 8-11 students may apply to the Visual Art Center.

**This document will be updated on a regular basis please check back often

**Program Descriptions**

Students at SVHS will be provided with the academic, technical, and interpersonal skills needed to achieve excellence in their chosen careers and to serve as the foundation for their continuing education in each of these career programs.

Navy JROTC students can build professional competencies such as leadership, self-confidence and discipline, which are necessary qualities that are needed to thrive in any diverse career. Course work includes military history and customs, and students are required to wear a uniform.

- **Rising Gr 11** Montgomery county residents who reside within the following high school clusters: Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Poolesville, Quince Orchard, Seneca Valley, and Watkins Mill

**Eligibility and/or Course Requirements**

**NOTE:** In the Construction Design and Management program, advanced architectural drafting and design skills are developed throughout the program, including the opportunity for certification in the software tools used by architects.

**NOTE:** NJROTC students are not required to join the military due to high school enrollment and the program is not a military preparation class.

### Regional College and Career Part-Time Programs

**OCTOBER 20, 2020**

**Army Junior Reserve Officer Training Corp (Army JROTC)**

Army JROTC students can build professional competencies such as leadership, self-confidence and discipline, which are necessary qualities that are needed to thrive in any diverse career. Course work includes military history and customs and students are required to wear a uniform.

- These programs are available to **rising Gr 11** students in the following high school clusters: Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Poolesville, Quince Orchard, Seneca Valley, and Watkins

**NOTE:** Army JROTC students are not required to join the military due to high school enrollment and the program is not a military preparation class.

---

### Countywide Program

**Visual Art Center**

The Visual Art Center (VAC) offers students a broad perspective of the fine arts and deepens their understanding of the opportunities for art-related careers through exposure to art history, contemporary artists and artwork.

- **Grades 8–11** Montgomery County residents

**NOTE:** Portfolio required for consideration
### Fire Science and Rescue

Students will study fire prevention and control, emergency medical technology and learn how to safely respond to hazardous material incidents, while earning industry certification and/or college credit. Formal training will be provided by the Maryland Fire and Rescue Institute (MFRI) of the University of Maryland and will take place at the Montgomery County Public Safety Training Academy.

**Eligibility and/or Course Requirements**

**NOTE:** Limited transportation is available to students in the Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Rockville, Seneca Valley, and Watkins Mill clusters.

### Emergency Medical Technician (EMT)

EMT students will explore careers in emergency medical services and will engage in hands-on experiences, field trips, and real-world exploration, while earning certification in Emergency Medical Technician (Basic). Formal training will be provided by the Maryland Fire and Rescue Institute (MFRI) of the University of Maryland and will take place at the Montgomery County Public Safety Training Academy.

**Eligibility and/or Course Requirements**

**NOTE:** Limited transportation is available to students in the Clarksburg, Damascus, Gaithersburg, Magruder, Northwest, Rockville, Seneca Valley, and Watkins Mill clusters.

**NOTE:** If a student begins the Fire Science and Rescue program as a senior, the EMT course will be taken as an elective program only, and will not count towards a career readiness program of study for graduation credit purposes.
**EARLY COLLEGE PROGRAMS at Montgomery College**

**Students may earn a tuition free college degree while still in high school via the Montgomery County Public Schools (MCPS) and Montgomery College (MC) Early College (EC) program. The EC program is offered at each MC campus and provides qualified students the opportunity of earning an Associate Degree in a specific content area. Participating students will complete their 11th and 12th grade years of high school while simultaneously completing their first two years of college as a full time MC student and graduate with an Associate’s degree from MC as well as a Maryland State High School diploma.**

To participate in the program students must have at least the following at the time of application and/or before enrollment (additional requirements vary by degree program):

- Met or be near completion of required SSL hours;
- Be enrolled in 10th grade at an MCPS high school during the current school year;
- Passed mathematics and English state assessments prior to program enrollment
- Have an unweighted GPA of 2.75 or higher at the time of application to the program

MCPS NONDISCRIMINATION STATEMENT

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family/parental status, marital status, age, physical or mental disability, poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community’s long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. Some examples of discrimination include acts of hate, violence, insensitivity, harassment, bullying, disrespect, or retaliation. For more information, please review Montgomery County Board of Education Policy ACA, Nondiscrimination, Equity, and Cultural Proficiency. This Policy affirms the Board’s belief that each and every student matters, and in particular, that educational outcomes should never be predictable by any individual’s actual or perceived personal characteristics. The Policy also recognizes that equity requires proactive steps to identify and redress implicit biases, practices that have an unjustified disparate impact, and structural and institutional barriers that impede equality of educational or employment opportunities.
