Project History

The purpose of the project is to provide a new Charles W. Woodward High School to relieve the overutilization in Walter Johnson High School Cluster and the Downcounty Consortium. The building will be used initially as a holding facility by Northwood High School from 2023 through 2025 and will serve 1800-2100 students with a program capacity for 2160 students.

Preliminary Enrollment at DCC High Schools (2021-2022):

School	Program Capacity	Enrollment	Available Space
