PART 1 - OBJECTIVES

1.1 The objective of this Request For Qualifications (RFQ) is for Montgomery County Public Schools (herein referred to as the Owner or MCPS) to independently evaluate and qualify Construction Managers to provide professional construction management services for the construction of major construction projects to be funded in the FY 2020 Capital Budget and the FY 2021 - 26 Capital Improvements Program. All construction is contingent upon funding approval for the individual projects by the Montgomery County Council. Offerors are to submit only their qualifications to MCPS at this time. The independent evaluation of references will be conducted online through Rating Source, 465 South Orlando Avenue, #401, Maitland, FL 32751. Final selection will be conducted by the MCPS evaluation committee.

1.2 This multi-step process is being used to identify and pre-qualify those companies with the relevant quantitative experience, requisite skills, and successful project history necessary to provide the required professional services. Companies are invited to submit their technical qualifications in accordance with the requirements set forth herein.

1.3 It is imperative that the instructions in this technical offer be followed. Incomplete submissions will be rejected.

1.4 It is the intent of MCPS to select construction management firms for projects equal to or less than the largest scope of similar projects which they have successfully completed.

1.5 Selection of firms to provide professional construction management at-risk services is not final until approved by the Montgomery County Board of Education.

1.6 A debriefing of an unsuccessful Offeror will be conducted upon written request, submitted within 30 days of status notification, to the Division of Construction, Montgomery County Public Schools, 45 W. Gude Drive, Suite 4300, Rockville, Maryland 20850. A debriefing will be scheduled at the earliest feasible time. The debriefing shall be limited to a discussion of the unsuccessful Offeror's technical qualifications only and shall provide information on areas in which it was deemed weak or deficient.

PART 2 – SUBMISSION OF QUALIFICATIONS

2.1 Offerors shall submit qualification information in accordance with the requirements identified herein. The MCPS Procurement Officer or their representative may, at their discretion, contact one or more Offerors during the evaluation process for clarification of any entries submitted and may request additional information. Such additional information must be submitted to MCPS no later than five (5) days after the request.

2.2 The selection of an Offeror shall be based primarily on the information submitted as part of the Technical Offer. The selection shall not be construed to constitute a determination that the offeror has met the requirements of an individual project proposal. Furthermore, MCPS reserves the right to reevaluate or change selection requirements or decisions based on information received at any time up to the final contract award. Previous project experience with Montgomery County Public
Schools will be considered, even if those projects are not submitted for evaluation.

PART 6 - APPLICATION REQUIREMENTS

6.1 The following information must be furnished in the Technical Offer portion of the Request for Qualifications. Failure to include any of the items listed below will disqualify a firm’s response. Technical Offerors should describe in detail and provide evidence supporting the qualifications requested below.

6.2 MCPS reserves the right to require that the construction manager demonstrate that it has the skills, competence, responsibility, professional staff, financial capabilities, and other resources to satisfactorily perform the nature and magnitude of work necessary to complete projects for which they will be considered.

6.3 Application forms and supplemental information must be typed or printed. Information presented therein shall be clear, complete, accurate, and concise. The following forms and attachments comprise the Technical Offer:

A. Technical Offeror is to submit a letter on company letterhead signed by an authorized person verifying compliance with the following mandatory requirements:

1. A firm must have a minimum of ten (10) years’ construction management experience in order for its Technical Offer to be considered; this is a mandatory requirement.

2. The firm must disclose whether it or its principals have done business and/or have been licensed in the State of Maryland to do business under any other name in the
last 10 years. Failure to do so will result in disqualification of the Technical Offer.

3. Firms must be licensed as a Construction Firm as required by the State of Maryland (Business Regulation Article, Annotated Code of Maryland) and shall submit proof of current business and professional licensing with their Technical Offer.

4. Firms must provide a “Good Standing Certificate” from the General Accounting Division, Comptroller of Maryland and hold a current registration with the State Department of Assessments and Taxation.

5. General Company Background: Brief but informative history of your firm. Include information as to type of work done, number of years in business, number of employees with breakdown between supervisory and non-supervisory. Specify a primary contact to include name, title, telephone number and e-mail address.

7. The Technical Offeror must confirm that the firm has no settled or pending judgments or legal cases identified in Paragraphs 10.2.C, D, E, and F against it.

8. Please note: If the Technical Offeror is a local office of a parent company, the information is to be provided on the local office only that will be managing this contract, not the parent organization, unless the parent organization is the Offeror.

B. Construction Manager Experience Form: The Offeror shall provide the information required on the form identified as Attachment A. The form shall be completed in its entirety. Failure to submit a response in the format requested on the official MCPS form provided for this purpose will be considered just cause for rejection of the response.

1. Provide a complete list of all construction management projects completed in the 3 years prior to the date of submission with contract values over $10,000,000. Projects must be grouped into 3 categories: K-12 schools, other educational facilities, and other projects. On the Construction Manager experience form, provide owner contact names, addresses, telephone numbers, and e-mail addresses for each project. One of the references must be from a K-12 school project. If no K-12 projects have been completed in the past 3 years, Offerer must list the K-12 project most recently completed. Projects submitted as references must be verifiable. Failure to provide project references that can be verified will result in a disqualification of the firm’s response.

2. MCPS reserves the right to verify all information given if it so chooses, as well as to check any other sources available.

3. Please be sure that accurate information is provided and that the person listed as ‘owner contact’ should be the person in charge of administering the contract with the bidder or person with sufficient personal knowledge about the project to be able to answer detailed questions about the bidder’s professional performance on the project for which a reference is being requested. References will be held in the strictest of confidence.

4. Montgomery County Public Schools uses an internet and e-mail based system to collect evaluations from previous clients about work performed by the Offeror. Please
follow the instructions below to enter your references into Rating Source:

1. E-mail your company name, address, trade category, and one primary company contact name and e-mail address to Donna_E_Hanson@mcpsmd.org.

2. After receipt of information by MCPS, you will receive an invitation with a login and a passcode which are required to enter your company's references into Rating Source. Enter the project information and references listed on Attachment A for the construction management at-risk projects completed in the past 3 years, one of which must be a K-12 project, into Rating Source.

3. A minimum of 70% of your references must respond to the “Request for Ratings” described below in order for the evaluation to be completed.

4. Montgomery County Public Schools will send an e-mail entitled “Request for Ratings” to each listed “Reference Contact” supplied by the offeror as a reference. For this reason, the accuracy and completeness of these e-mail addresses is critical. It is suggested that the offerors notify each of these contact persons in advance, by e-mail, to inform them about the expected “Request for Ratings” e-mail, and to encourage them to complete the survey when it arrives via e-mail. If these requests for ratings are not completed by the requested rater, Montgomery County Public Schools will notify the offeror by e-mail to an e-mail address supplied by offeror. The offeror will notify Montgomery County Public Schools of any known changes to the “Reference Contact E-mail Address.” Montgomery County Public Schools reserves the right to consider any offeror non-qualified if the number of ratings completed by the listed “Reference Contacts” is insufficient, or for any other gross irregularities in the reference-checking process.
