

Hello Parents,

Summer is here! Are you wondering what kind of learning opportunities are available to help your children maintain their learning? We have several options for you to explore.

Bannockburn students can register for [Summer School](#) at Carderock Springs ES, where reading and math comprise the largest part of the morning. There will be shorter sessions of special instruction in art, music, and PE. The day will run from 9 a.m. to 2 p.m. You must register by June 4.

If you're considering something a little less structured with a bit of whimsy, check out our [BES St Summer Project Calendars](#). Our calendars include activities in English/Language Arts (ELA) and Math, with a summer writing journal as its centerpiece. Each grade level has its own activities, which were designed for fun and learning-- something to be anticipated each day.

In addition, your child can connect with books through the Montgomery County Public Libraries (MCPL) [Summer Read and Learn Program](#). The theme this year is Tails and Tales. All it takes is a [Digital Library Card](#) to get your child started on June 16. There are updated booklists for a wide range of readers; game boards for summer reading adventures; and even a virtual escape room.

Finally, BES students should read every day for at least 30 minutes. Reading sets up students for success in all academic areas and helps students maintain learning. Students can log their selections on the [Summer Reading Stack & Plan](#). So, there are many options to consider:

- *Summer School at Carderock Springs ES*
- *BES St Summer Project Calendar*
- *MCPL Summer Read and Learn "Tails and Tales" Program*
- *Summer Stack & Plan Reading Log*

We hope your student finds something fun and appealing in this list. Enjoy your summer!

***5/28 Update:** The county announced that it will provide ELA and Math resources for summer as well. We will post them on the BES website when available.*
