Parent Notification of Safety Patrol Violation

Date: *September 4, 2015*

Dear Parent/Guardian,

I regret to inform you that *Billy* has received a strike for not displaying the valued characteristics of a Bannockburn Safety Patrol. Safety patrols are expected to display responsible behavior while on duty and be a role model for Bannockburn Elementary School students. That was not the case today and corrective action is being taken. The following behavior and/or reasons were given to warrant the strike:

At morning post, Billy was socializing, goofing off, and generally not paying attention to approaching students that were walking to closely to the curb. The crossing guard had to speak to Billy twice about his behavior, but he continued to disregard her warnings.

This is the *first* strike received by your child. Receiving three strikes is grounds for dismissal. Please encourage your child to reflect on his or her behavior and strive to improve.

Please return the bottom portion of this form as acknowledgment and so that your student may resume their safety patrol duties.

Thank you,
Annette Seiler & Maura Cromwell
AAA Safety Patrol Sponsors

I received notice of _____'s behavior and am aware that this may impact his/her ability to perform his/her safety patrol duties. I understand that each student is only allowed three strikes.
