

Dear BGES Families,

Are you interested in an academic summer opportunity for your students? MCPS is planning a wide range of summer programs for elementary, middle and high school students. Programs will focus on helping students engage in unfinished learning following this unprecedented school year, with a focus on mathematics, literacy, enrichment/specials, and preparing for the next grade level. Below you will find information about our in-person summer school program and the MCPS Virtual Summer School Program. Please let me know if you have further questions!

Be well,

Jolynn Tarwater, Principal

Brooke Grove Elementary
