

Dear Parents, Grandparents, Relatives and Friends:

The Candlewood School Library Media Center would like to begin a new tradition - the **Special Occasion Book Club**. The object of this book "club" is simple. To celebrate a birthday, a holiday, a special achievement or to show teacher appreciation, you can donate a new book to the media center. This would also be a great way to help us add to the media center's collection.

For a donation of only \$10.00 you can choose a new book for the collection. A bookplate will be placed inside the front cover identifying the student and occasion being honored. The student will then be the first person to check out the book. Once it is returned, the book will be available for general circulation. The honoree will also receive a certificate with their name and the occasion being honored.

Please save this form below to use whenever you have occasion to honor a special child, relative or teacher. What better way to celebrate than by giving the gift of reading to share?

Thank you for your participation.
Sincerely,

Jeanette Marin
Media Specialist
