A Look Ahead...

April 2017

This month...

Reading

This month in reading we will be focusing on literature. We'll be asking and answering questions before, during and after reading to improve comprehension. The students will be thinking deeper into how the words and phrases add meaning to the text.

Writing

We will engage in writing poems that describe actions, thoughts and feelings. Students will be learning how to put adjectives into their poetry. When completed, they will express their poetry through an audio recording or a visual display.

Math

In math, we will be adding 3 digit to 3 digit numbers within 1000 by composing a ten or a hundred. We'll be using concrete models, place value strategies and the written method to solve our equations.

We are continuing to practice basic addition and subtraction facts.

Science

We're continuing our study of the life cycle. This month we'll be comparing the life cycles of animals and plants.

Social Studies

This month we are learning about leaders that we have in our schools, communities and government. We'll also be exploring leaders from the past that are now recognized by holidays.

Reminders:

- Continue to send in Box Tops to support CMES.
- Please remember to send in your child's field trip money.

Important Dates:

- April 6—Math Night
- April 7— No School for Professional Growth Day
- April 10-17 Spring Break
- April 20 Field Trip to the Natural History Museum
- May 29 No School Memorial Day
