A Look Ahead...

March 2017

This month...

Reading

This month we will be reading literary texts. We will identify the character's point of view. We will also use context clues to determine the meaning of unknown words in a text and have collaborative conversations about the story.

Writing

We will write an informative piece about which technology tool is important to us. We will focus on how the technology is used for fun, how it is used at home and how it is used at school!

Math

We will continue to measure and solve word problems involving measurement. We will also begin to tell time on an analog and digital clock to the hour and nearest 5 minutes.

Science

We will describe observable properties of the moon. We will also explore how living things survive in different habitats.

Social Studies

We will explore natural, human, and capital resources. We will also identify goods and services.

Reminders:

- Please remember to dress your child warmly because they will be going out for recess if weather permits.
- Continue to send in Box Tops to support CMES.
- Please have your child practice their basic math facts daily.

Important Dates:

- Pennies for Patients runs from February 14-March 7. Please bring in pennies, nickels, dimes and quarters to support this program.
- March 3rd- Early Dismissal. Students will be dismissed at 1:20 p.m.
- March 6th-Interims sent home
- Upcoming Events: Mark your calendar for Math Night on Thursday, April 6th from 6:30-8:00.
