

# How Parents/Students Can Problem-Solve Technical Issues with Chromebooks and/or myMCPS Classroom

If you are experiencing some technical issues with your child's chromebook, myMCPS Classroom or Zoom live video app, please review the information below to help you problem solve and provide self-help. Please remember that the teachers and staff are learning these new platforms at the same time as students and parents, so we have limited experience and may only be able to answer general questions and they may direct you to this parent/student guide.
