

## Back to School Night 2021

September 8, 2021

In order to support our school community, Drew is pleased to offer a “*Virtual Back to School Night*”. In this evening, we will host sessions to allow our families the opportunity to dialogue with administration, hear about what the instruction will look like in Benchmark (ELA) and Eureka (math), and meet with specialists and homeroom teachers to discuss how to support student learning and learn more about what will happen in 2021-22.

We look forward to working with you!  
The Drew Crew
