

## Glen Haven Elementary School Unified Club Newsletter

January 2020

Hello Glen Haven Families!

Happy New Year! We hope that everyone had a good break. The fourth-grade students had the opportunity to join P.E. with the SCB classes this month. The SCB students had ALMOST as much fun as the fourth graders. They worked in four different stations: mat obstacle course, hitting a ball off a cone with a paddle, kicking a beach ball, and floor scooters.

Sarah McKinley, Brittany Petty, Blake Keats, Liz Bowen, & MaryJo Stotte

I think it was fun and I enjoyed working with the kids I was helping.

- Faith

The kids like to play with me when we were hitting the ball with the paddle. I also had fun,

- Brandy

I had so much fun that I want to do this every day. It's okay to cry and be sad, but it makes you feel good.

- Jamison

I really liked pulling them on the scooters and walking around with them.

- Akina

It was so much fun to see them having fun. It made me feel really good. But those kids have a lot of energy.

- Darian

If they are happy, I am happy. If they have fun then I am having fun.

- Jonathan
