

Glen Haven Elementary School Unified Club Newsletter

March 2020

Hello Glen Haven Families!

This month the fourth graders got to join the SCB classes in P.E.. When I got to the classroom to pick them up I have never seen a group of 9-year-olds move so quickly. The kids worked on both fine and gross motor skills. They jumped over hurdles, played basketball, used a parachute, and played catch. Some of the SCB students were so excited to see their "big kid" friends that they tried to leave with us at the end of the session. We hope you enjoy seeing these budding friendships develop as much as we do!

I hope Carlos can share his love with everyone around because we feel a lot of love from him

- Jonathan

I wish that we could spend more time together, one time a month is not enough

- Jose

I hope that the kids in there feel appreciated for who they are because they are very nice

- Faith

They are starting to talk more and repeat us so it feels really good that we are helping them learn.

- Darian

I wasn't having a really good day until I got to go to the Unified club, they made my whole day better and I love them.

- Akina

I wish that we could help them more but I feel really good about how I help now.

- Camryn
