Hot Off the Press!

MCPS hosted a virtual conversation on Thursday, Nov. 12 for the community on the framework for the return of students to in-person learning beginning January 2021. The virtual conversation answered questions live from viewers and district administrators spent more than 90 minutes speaking to the details of the framework. Critically important for families is to review the Guide to Help Determine Family Preference document then indicate their selection in the Family Preference Survey. Please use the links below for easy access. As you complete the survey please keep in mind that you are making a choice and not simply giving input. Also if you choose not to complete the survey you will be selecting the virtual option by default. While we recognize you are being asked to make choices with many unknown factors it is advised that you think specifically about what will meet your family needs. Additional factors such as teacher and other student pairing are not known at this time.
