### Reopening KP Presentation & Information

Thank you to everyone who attended our parent webinars last week. We had over 300 hundred families join us! We were able to share critical information we know you have been waiting to hear. If you were unable to join or need to revisit something you heard, you can find all information presented on our KP website under the quick links section. The page is titled, "SOARing into KP: Draft Return Plans." You will also find a link to the MCPS Spring Recovery Guide. Please utilize this page to help you understand what this transition will look like and better inform your decision for your child/children. Our community FAQ will also be linked under this tab. As always, please reach out with any questions.

### Parent Preference: Change of Request

We know many of you may want to change your request to either in person and/or virtual after hearing and reviewing the draft plans for KP. Please submit all requests in writing to Ms. Allen and Ms. Friedman by February 26th. All those wanting a change to in person will be put on a waitlist at this time. We will be communicating with families regarding your request after the February 26th cut off date. Thank you for your cooperation with this hard deadline.

### We Need YOU! Consider becoming a Classroom Monitor

As we prepare for our return to an in-person learning experience, we anticipate a need for adults to support the supervision of students. If you know any adults with a high school diploma/GED who would be interested in monitoring students at \$15.72 per hour, please encourage them to apply to be considered for the position of classroom monitor. Duties include monitoring classrooms for teachers who are providing virtual instruction to students in the building and supporting in-person teachers. Interested individuals need to apply on

<https://www.montgomeryschoolsmd.org/departments/careers/> We do anticipate the need for classroom monitors at our school however, we cannot guarantee our site would be the location all interested individuals would be assigned to work. It would be recommended you request KP as your school site during the interview.
