Hi! I'm Dr. Allie

I have been an educator for 37 years. I have been a teacher, specialist, principal, director, and assistant superintendent before finding my home at Potomac. I have two children and three grandchildren: Benjamin (11), Brady (9) and Noelle (7). I love traveling, taking pictures of nature, and doing yoga.

I believe that children are our future. It's our responsibility to help them to be creative problem solvers and innovators. I believe that children should have fun while being challenged to learn something new. I believe that parents are our greatest ally in educating our students.

I am excited to get to know your family!
