## Shining A Spotlight On...

### Instrumental Music Students

Would you like your child to do a solo or perform with a small ensemble at the spring concert? Please contact me via the information below. Also, in our next newsletter I will be sending out a brief survey to help see how I can improve your instrumental music experience. Thank you!

## Music In Our Schools

MCPS prioritizes instrumental music and here is one of the reasons why:

“The study of music assists in the acquisition of 21st Century Skills. The cooperative learning setting of music ensembles allows students to develop both individually and as members of a larger community. The creativity inherent in the creation or interpretation of a musical selection fosters creative thinking and problem-solving strategies that

permeate other facets of life. We encourage and celebrate the personal expression within every child.”
