

## Summer camps with Mad Science are the best!

See our locations on back of flyer and more information online at [dc.madscience.org](http://dc.madscience.org) or call us at **301-593-4777**

Children have so much fun they forget they're learning!

Mad Science camps offer a daily combination of in-class discovery and exploration, outdoor games, physical activities, and hands-on application of the scientific principles, presented in a fun way. Your child will be able to touch, see, hear, and smell what science is all about. Campers create, build, and assemble a variety of take-home projects while exploring how science affects the world around us.

**All camps are for rising 1<sup>st</sup> - 5<sup>th</sup> graders.**

**Hours and Pricing per week\***

**Full-Day:** 9-4 pm, \$370 - \$385

**Half-Day:** 9-12 pm, \$245 - \$260

**Half-Day:** 1-4 pm, \$245 - \$260

*\*Prices subject to change*

*Half-Day not available at some camps*

**Extended Care (offered at most camps)**

**Before care:** 8-9 am, \$57 per week

**After care:** 4-6 pm, \$114 per week

**Both:** \$142 per week

### **Eight awesome week-long topics!**

#### **Crazy Chemworks**

Shake up a flask of fun in the lab and become a junior chemist! Learn to recognize chemical reactions and mix up a few reactive ingredients for some sensational results.

#### **Secret Agent Lab**

Suspects! Schematics! Sleuths! Connect the dots using science to help solve a mystery in this hands-on investigation of the science of sleuthing.

#### **NASA: Academy of Future Space Explorers**

Blast off with a camp designed and created specifically by NASA engineers! Train to become a future space explorer, and get set on a trajectory from our Earth's atmosphere to the outer reaches of our solar system!

#### **Eureka! Invention Camp**

Creative contraption warning!! Each day you'll be given challenges which must be overcome using basic materials, simple machines, tips from world famous inventors, and the most important thing of all – your mind.

#### **Red Hot Robots (full-day only) (\$15 material fee)**

Prepare for a scientific journey through circuitry and sensors. Compare the anatomy of a robot to that of our own. Explore several different types of robots and build your own to take home!

#### **Dinosaurs & Ancient Worlds**

Dig up dinosaurs and the ancient past! Solve real-life mysteries! Study bone fragments, pottery shards, and amber deposits to understand what they can tell us about history.

#### **Flight Academy**

Calling all future pilots! As a Mad Science flight cadet, you will take a nosedive into the world of aerodynamics. Build your own kite, test stunt planes, look to the stars, and watch as we launch model rockets over 200 feet into the air!

#### **Science in Motion**

Discover how everything moves with science! Each day, learn about a different realm of the scientific world. You'll step into the shoes of an engineer, put on the lab coat of a chemist, look through the binoculars of a zoologist, and more!

Registering for two or more weeks of full-day camp? In February & March, use discount code [schoolsave](#) at checkout and save \$25 per week!

## Register at [dc.madscience.org](http://dc.madscience.org) or call 301-593-4777

Weekly themes: **RHR:** Red Hot Robots **CCW:** Crazy Chemworks **SIM:** Science in Motion **NASA:** Academy of Future Space Explorers  
**FLA:** Flight Academy **SAL:** Secret Agent Lab **EKA:** Eureka **DINO:** Dinosaurs & Ancient Worlds

We run camps at schools, businesses, and churches for customer convenience. Camp content is identical regardless of location.  
**Topic summaries can be found on the other side of this flyer!**

\*No camp Thursday, July 4 - camp week is prorated.
