**RHR:** Red Hot Robots

**SIM:** Science in Motion

**FLA:** Flight Academy

**SAL:** Secret Agent Lab

**EKA:** Eureka! Invention Camp

**CCW:** Crazy Chemworks

**DINO:** Dinosaurs & Ancient Worlds

**NASA:** Academy of Future Space Explorers

We run camps at schools, businesses, and churches for customer convenience. Camp content is identical regardless of location.  
**Topic summaries on other side of flyer.**

\*No camp Tuesday, July 4 – camp week is prorated.

# Summer camps with Mad Science are the best!

See select locations on other side of flyer and all our locations online at [dc.madscience.org](http://dc.madscience.org) or call us at **301-593-4777**.

## Eight different awesome week-long options!

Children have so much fun they forget they're learning!

### **Crazy Chemworks**

Shake up a flask of fun in the lab and become a junior chemist! Learn to recognize chemical reactions and mix up a few reactive ingredients for some sensational results.

### **Red Hot Robots** (full-day only) (\$15 material fee)

Prepare for a scientific journey through circuitry and sensors. Explore several different types of robots and build your own to take home.

### **Secret Agent Lab**

Connect the dots using science to help solve a mystery in this hands-on investigation of the science of sleuthing. Uncover the science involved in gathering evidence and fingerprint detection.

### **Dinosaurs & Ancient Worlds**

Dig up dinosaurs and the ancient past! Solve real-life mysteries! Kids learn about archaeology and the techniques scientists use to excavate fossils and long-lost cities! They explore through bone fragments, amber deposits, and pottery shards.

### **NASA: Academy of Future Space Explorers**

Set your future astronauts on a trajectory to learn about living in space, getting away from gravity, looking for space phenomena, and even participate in rocket launches!

### **Flight Academy**

Become a junior aviator and discover the principles of flight and aerodynamics. Campers will build sundials, bead dippers, kites, and rockets.

### **Eureka! Invention Camp**

Children will overcome a series of challenges using basic materials, simple machines, tips from famous inventors and, most importantly, their mind!

### **Science in Motion**

Daily topics cover engineering, chemistry, birds & bugs, machines, and photography processes. Children assemble and control simple machines and build crystal gardens.

*Registering for two or more weeks of full-day camp in Maryland?*

*February & March, use discount code [schoolsave](#) at checkout and save \$25 per week!*

Mad Science camps offer a daily combination of in-class discovery and exploration, outdoor games, physical activities, and hands-on application of the scientific principles, presented in a fun way. Your child will be able to touch, see, hear, and smell what science is all about. Campers create, build, and assemble a variety of take-home projects while exploring how science affects the world around us.

**All camps are for rising 1<sup>st</sup> - 5<sup>th</sup> graders.**

**Hours and Pricing per week\***

**Full-Day:** 9-4 pm, \$360 - \$390

**Half-Day:** 9-12 pm, \$240 - \$260

**Half-Day:** 1-4 pm, \$240 - \$260

*\*Prices subject to change*

*Half-Day not available at some camps*

**Extended Care (offered at most camps)**

**Before care:** 8-9 am, \$55 per week

**After care:** 4-6 pm, \$110 per week

**Both:** \$137 per week
