

5 Video Set. Quack! videos are a fast paced, edgy and occasionally ridiculous way to reinforce vocabulary. Each episode is approximately 18 minutes of Monty Python-inspired hilarity and over 20 words statistically proven to be among the most commonly appearing on the SAT®. In the spirit of random, irreverent humor Quack! takes education to a whole new level. This two DVD set includes five episodes, interactive quizzes, and pre/post tests that maximize retention, and hold students interest from start to finish. Currently in use in thousands of high schools, SAT Vocabulary Success is the hilarious way to reinforce tedious vocabulary.

***Each video is approximately 18 minutes.**

Standard Deviants School™ is an educational and entertaining lesson-based supplement designed specifically for in-school use. With the award winning Standard Deviants®, you'll capture your students' attention and make your classroom come alive! Each program includes full classroom performance rights.

Review geometry definitions, rules, and basic properties to avoid careless mistakes. Plus, interactive quizzes and proven methods help students master the SAT.

1 Video/28 minutes

SAT * Math

Getting a good score on the SAT is the key to getting into a good college. Since math comprises one-half of the test; it is essential to be familiar with the math skills that will be tested. SAT Math provides an overview of the structure of the exam, including the different sections and the score sheet. This DVD also covers the different types of questions you can expect to encounter and provides a review of the skills you will need, including Arithmetic, Algebra, and Geometry.

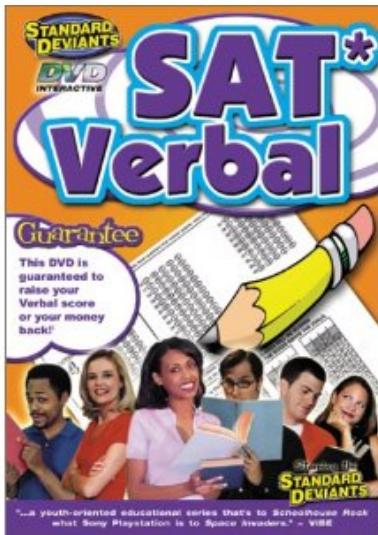

1 Video/120 minutes

The NEW SAT MATH

With humorous skits, graphics and an approachable format that simplifies complex subjects, we give you strategies to maximize your time and score!

1 Video/115 minutes

SAT * Verbal

SAT Verbal provides you with commonly-used vocabulary words, and useful, easy-to-remember techniques designed to help you through all three kinds of verbal questions, including sentence completion, analogies, and critical reading. Unlike traditional study guides, this DVD features dynamic computer graphics and animation, plenty of clear-cut examples and a relaxed, approachable teaching style.

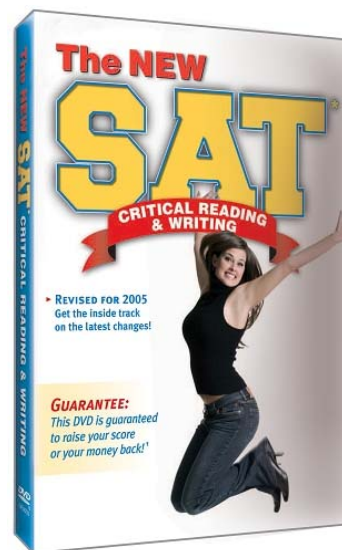

1 Video/90 minutes
