

**Please email me if interested in applying for the 2022-2023 school year.**

Dear Parents,

Thank you for inquiring about the DHS Early Child Development Laboratory Program for the 2022-2023 school year. The program will operate from early October through mid-May, following MCPS closings for holidays and weather-related issues. There will be a morning session offered at Damascus High School this year from 7:50 a.m. to 10:50 a.m., Monday through Thursday and some Fridays. Applications for children are accepted on an annual basis. The program's curriculum is appropriate for the year before a child enters kindergarten. Children must be 4 years of age by September 1, 2022, toilet trained, and have all required health forms on file by the beginning of school. **Please keep in mind that the program is designed for the preschooler who can cope with daily changes and flexible scheduling.** Special education services are not provided through this program. Younger children will be considered as space allows.

*A completed application and a \$100.00 non-refundable deposit will hold a spot for the next school year. \*Checks made out to "DHS ECD Laboratory Program."*

Paper work needed to enroll:

1. Early Child Development Laboratory Program Application 2022-2023
2. Montgomery County Public Schools Early Child Development Laboratory Procedures 2022-2023
3. MCPS Student Record Card #6 Health Inventory: <https://ww2.montgomeryschoolsmd.org/departments/forms/pdf/sr-6.pdf>
