

Colonel Zadok Magruder High School

Colonels' Local Summer School Program 2020

Dr. Leroy C. Evans, Principal

Mr. Clark Montgomery, Assistant Principal, and Summer School Coordinator

The vision of Colonel Zadok Magruder High School's Local Summer School Program is to afford our students, like other MCPS students, an opportunity to participate in summer academics and enrichment programs through a virtual learning experience.

Audience

Colonel Zadok Magruder High School's local summer school program is intended to serve the needs of our incoming and current 9-12 students who want to take an original credit course, a Math Boost course for non credit, a high school credit recovery course, or a summer enrichment course. It is designed to meet the needs of Magruder families. Please note that offerings are based on student enrollment, which is gathered through registration, counselor referrals, and family referrals. Enrollment is prioritized using student data and the need to meet graduation requirements. Enrichment program offerings are also included to engage students in fun and engaging activities.

The Virtual Learning Experience

- The summer virtual learning experience will be different from Marking Period 4 during the Continuity of Learning.
- Teachers will be providing synchronous instruction.
- Student engagement will occur through class discussions, small group interactions, live instruction, and other innovative methods and instructional strategies using instructional technology.

zoom

Summer Offerings

- **Math Boost - Non-credit**
- **High School Original Credit for Selected Courses**
- **High School Credit Recovery**
- **Summer Enrichment (LSP)**
- **Summer Enrichment in Partnership with George B. Thomas, Sr. Learning Academy Online (SAT Prep)**

Math Boost

MATH BOOST

High School Mathematics Boost is a non-credit program that will address learning recovery in mathematics to help students prepare for next math course:

- Algebra 1
- Geometry
- Algebra II
- Pre Calculus

High School Credit Recovery/ Original Credit

REPEAT COURSES/ORIGINAL CREDIT

- Online courses in all core academic areas traditionally offered in summer school
 - Repeat courses for students who need to repeat a course to remain on track for graduation
 - For original credit (i.e. Health) or to raise a grade
- Full courses like summer school, all online with synchronous instruction
- July 13-August 14
- Free for repeat courses, fees [Magruder High](#) for original credit or to raise a grade.

High School Original Credit

Magruder High

High School Credit Recovery

Repeat Courses

- **Online courses in all core academic areas traditionally offered in summer school**
- **Repeat courses for students who need to repeat a course to remain on track for graduation**
- **Free for repeat courses**

Summer Enrichment and “Camp” Programs

ENRICHMENT “CAMPS” AND PROGRAMS

Three weeks between July 13 - August 7

Maryland's Largest School District

MONTGOMERY COUNTY PUBLIC SCHOOLS

Nutrition, Food Safety, and Cooking Techniques

Enrichment Program Title: Nutrition, Food Safety, and Cooking Techniques

Length of Program: Three Weeks

Lesson Length: 50 Minutes

Grade Levels: Incoming High School (9-12)

Proposal Idea: Students will be taught nutrition, meal planning, food safety (including food borne illness and kitchen safety), cooking techniques, tools, recipe development. Lessons will also include current events including the present coronavirus pandemic and the role of food in staying healthy.

Creative Journaling

Enrichment Program Title: Creative Journaling

Length of Program: Three Weeks

Lesson Length: 50-100 min

Grade Levels: High School (9-12)

Proposal Idea: Students will be able to construct a creative journal to use in their everyday lives. This will include calendar/agenda building, daily and life trackers, written journal responses, and art prompts. Creative journaling is a great way to stay organized and express yourself. Students would need a journal, pen/pencil, coloring utensils of their choice. This is a great way to incorporate arts integration!

Yoga, Fitness, and Mindfulness

Enrichment Program Title: Yoga, Fitness, and Mindfulness

Length of Program: Three Weeks

Lesson Length: 50 minutes

Grade Levels: High School (9-12)

Proposal Idea: This enrichment activity will consist of yoga poses, fitness components as well mindfulness practices and yoga poses and the purpose of all the beginning poses. Mental health practices, meditation practice and overall health and wellness. Leading daily activities through the use of google classroom meets and use zoom. Fitness classwork activities as well as journaling and meditation practices. There would be weekly assessments checking for understanding.

PARTNERSHIP

Colonel Zadok Magruder High School has a partnership with George B. Thomas, Sr. Through the partnership, families might access program such as: Robotics, Coding, and SAT Prep.

MHS Local Programs and Courses

Click on the **link below** to see a list of all programs and courses. These include but are not limited to: core academic subjects and summer enrichment activities.
