# Additional Information

After you log in you should be able to see your assignments:

Algebra 2 Summer Work

These assignments focus on 16 skills that will be important in your first semester of Algebra 2. You should strive to get two questions right on each skill before moving on. You have seen this material before, but can always utilize the hints within the program or use outside video sources to help refresh your memory. We look forward to working with you next year!

Have a great summer!

Mr. Beyaregaw, Mrs. Engelmann, Mr. Gruenspecht, and Ms. Song
