

Seneca Valley High School
Mathematics Department
Graphical Calculator Agreement

I wish to borrow a Texas Instrument graphing calculator. I will return an undamaged loaned calculator to my math teacher at the conclusion of the mathematics semester exam. I understand that if I fail to return the calculator, an obligation will be written at the end of the semester for \$100.00

I also agree to the following:

I am responsible for the batteries.

Cost for repair and/or loss will be the responsibility of the borrower. The cost is \$100.00.

Calculators are loaned on a "first-come-first-serve" basis as the supply is limited.

If this calculator is needed for the math high school assessment test(s), it will be collected the day before the test(s) is scheduled. The calculator will be returned the day after the test(s) are completed.
