COVID

In March 2020, during the COVID-19 pandemic, Montgomery County Public Schools (MCPS) shifted to a virtual learning model of instruction for the remainder of the school year. Students remained in a virtual learning model until March 2021, at which time students could elect between in-person instruction or 100% virtual. As a result, adjustments to grading and reporting and instructional models were also implemented. In 2020-2021, although MCPS returned to a more traditional grading system, there were some adjustments that provided expanded opportunities to reduce course load or take courses on a pass/fail basis.

ACADEMICS

DUAL ENROLLMENT COLLEGIATE OPTIONS

MCPS encourages students to participate in dual enrollment opportunities with local colleges and universities. All college courses are offered at a free or reduced tuition rate. Students may be awarded high school credit for the approved college courses successfully completed. If students choose this option, the college course grades appear on the high school transcript denoted by course titles starting with “CL ADV” followed by the subject and the grade earned in the course. College courses on the high school transcript receive quality points toward their GPA.

HIGH SCHOOL COURSES TAKEN IN MIDDLE SCHOOL

High School courses taken in Middle School will only count in the GPA if it helps improve the overall GPA.

AP AND HONORS COURSES

Honors work is available in Grades 9-12 in art, English, computer science, world languages, mathematics, music, science and social studies. All work in AP courses and the advanced-level courses listed below is considered to be honors work. The designation “ADV” will appear next to these courses on the student’s transcript.
