

AP TEST

Tuesday May 5th, 2020
@ 8am

If you are in this class you are expected to take the AP Exam!

Supply List

- binder/paper
- pencil
- TI83+ or TI 84 Calc

Weekly Graded Homework

There will be an assignment given every Friday due the following Friday. This will either be collected and graded or a quiz will be given.

AP Calculus AB

Mrs. Sobel

Room 3104

Michelle_L_Sobel@mcpsmd.org

GRADES

Quarter grades will reflect individual achievement and will be determined using a variety of assessment methods. Expect an assessment (test, quiz, warmup quiz, graded classwork, etc) every day. Grades are cumulative and will be based on the following:

- 90% Graded Assignments & Assessments
- 10% Homework

Google classroom code:

d20evhg

Expectations

- Be Positive – Respect yourself, others and our classroom by following the school rules. Passes to lockers, nurse and bathroom will be given only in emergencies.
- Be Prompt – Attend class on time. If you are absent, it is your responsibility to make up any missed work.
- Be Prepared – Have all necessary materials in class daily.
- Be Productive – You will be evaluated on how well you meet the course objectives. It is important that all assignments be completed and turned in on time.
- Ask Questions – Speak up in class! Ask and answer questions. If you need additional assistance, see me to set up a time for extra help.

Homework Policy

Homework will be given every night and posted on google classroom.

No work = no credit

- 5 pts = Homework completed on time
- 3 pts = Late/Incomplete homework
- All homework assignments must be submitted before the end-of-unit assessment to receive partial credit

KEEP CALM AND DO YOUR HOMEWORK

Units of Study

Unit 1 – Limits

Students will explore limits of functions graphically, numerically, and analytically and discuss the continuity of functions

Unit 2 – Derivatives

Students will explore the meaning of a derivative, practice of methods of differentiation, and apply derivatives to solve problems

Unit 3 – Integrals

Students will explore approximation and calculations of integrals as well as apply integrals to solve problems.

AP Review is built into the schedule

AP Calculus AB Guide

2019-2020

Cell Phones

You are expected to be actively engaging in class material every day. So that you and your classmates can learn to the best of your potentials, please put all cell phones away at the beginning of each class. If you fear you will be tempted to use your phone during class, please place it in the front of the room. Any cell phone use during assessments will be considered cheating (see the academic dishonesty policy).

Reassessment Opportunities

Students will have the opportunity to reassess **ONE** assignment per quarter. The teacher will determine which assignments are eligible. The reassessment must be completed within one week of the original assignment being returned to the student. If you are absent the day of an assessment, you forfeit the right to a retake since you have had more time to study.

ACADEMIC DISHONESTY POLICY

Academic dishonesty is unacceptable behavior. Students are expected and encouraged to collaborate on work in and out of class. However, any work you turn in **must** reflect your own understanding of the material. Copying another student's work or allowing another student to copy your work is never acceptable. Cheating of any kind on individual assessments will not be tolerated. If caught cheating the following consequences will apply:

- 1st offense: Contact parent and administrator, you may reassess for a grade of 50%
- Subsequent offenses: Contact parent and administrator, you will receive a zero for the assignment

Absence and Tardy Policy

Be in class and ready to work on time every day. If you are unexcused late to class, you forfeit the ability to earn credit for any warmup quiz that day. If there is a planned absence, please notify the teacher to receive the work in advance. If not, contact a classmate for missed work. You are responsible to schedule missed formatives. All work will be allowed one extra day from the returning day. All MCPS and Wheaton High School attendance policies will be enforced. Any "z" in the gradebook indicates that you have not yet turned in the assignment and counts for a zero until the assignment is turned in. Make-up assessments will be given **ONLY** with an excused absence note. The note must be handed in upon your return to school with a parent's signature and phone number.

Class Participation

You cannot participate and learn if you are not here. Therefore, tardiness and absences may affect your grade. All students are expected to participate in class discussions and lessons. Questions and discussions are encouraged throughout the lesson as long as they are relevant to the lesson. It is important that you try your best at all times! Class work may be collected and included in your grade. You are expected to attend class daily.
