

## **Patricia Richards awarded the 2021 Marian Greenblatt Master Teacher Award**

At Walter Johnson HS we take great care in hiring the best teachers to support our students. This year, it is with immense pride that we recognize Mrs. Patricia Richards on her recent honor of being selected as the MCPS High School recipient of the Marian Greenblatt award.

This award is only given to 3-MCPS teachers per year; one at each instructional level. Winners of the Marian Greenblatt award are chosen for their ability to inspire their students to achieve and to encourage younger teachers to be the best they can be. Additionally, teachers chosen are active in professional organizations, school activities and the larger community. Since 1989, 114 teachers have been recognized for excellence in teaching by the Marian Greenblatt Award fund.

Finally, as a winner of this award, Mrs. Richards is now a finalist for the MCPS Teacher of the Year award.

Please join us in congratulating our friend, colleague and mentor on this amazing accomplishment! Way to go Mrs. Richards!!!
