

Zoom for Students

In order to join a MCPS-hosted Zoom meeting, students will be required to join using their MCPS Google account. Before joining a meeting, students will need to set up their account.

- **While it may appear that students have the ability to host meetings, other students and staff ARE NOT ABLE to join or participate in their meetings.**
- **Additionally, students cannot invite or record a meeting with their account.**
- **The sole purpose of the account is to ensure students are required to sign in with an MCPS account in order to join their teachers' meetings and are therefore not anonymous.**

We strongly recommend that students set up their accounts before trying to join a teacher's meeting.

Setting up your MCPS-Licensed Zoom Account

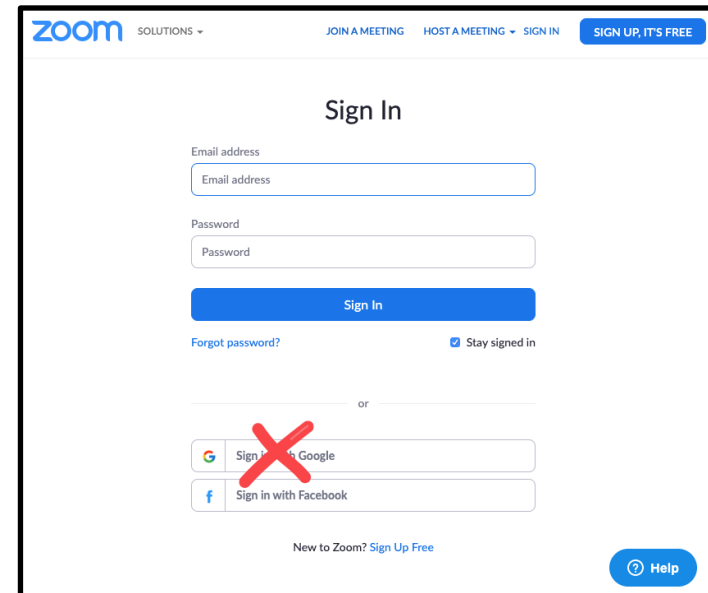

1. Visit <https://mcpsmd.zoom.us>.
2. Click **Login**.
3. Enter your **MCPS Google email address (@mcpsmd.net)** and password to continue.
4. You will be able to view your Zoom profile and settings. As a student, it may appear that you can host meetings, however, other students and staff ARE NOT ABLE to join or participate in their meetings. The purpose of the account is to give you the ability to join your teacher's meetings.

***Note:** If you visit the Zoom website (<https://zoom.us>) and choose to login with Google, you ARE NOT signing in to your MCPS-licensed account and will be associated with the free or "Basic" version of Zoom. Please use the previous steps provided to access Zoom for MCPS.
